Wouldn't You Like to Know What "Jim" Clark Knows About Horse Shoeing?

YOU CAN!

THE HORSE WORLD will soon issue a book from the pen of its staff correspondent, James Clark, who is one of the most expert horseshoers known and an acknowledged authority on horseshoeing from both a practical and scientific standpoint, that no owner of a horse can afford to be without.

This work will cover the treatment of the horse's foot from colthood up; tell how to prepare and shoe the foot to keep it sound; to remedy defects of gait and action; it will illustrate and describe the way to make the various kinds of shoes for varying conditions; in fact, it will be the most complete, concise, valuable compendium of information on the subject of the proper care and shoeing of the horse's foot ever written.

And it Won't Cost You Anything

A copy of this book will be sent FREE to each NEW SUBSCRIBER to THE HORSE WORLD paying one year's subscription in advance, and to each PRESENT SUBSCRIBER remitting the amount he may be in arrears and renewal of subscription one year to even date in advance. (All subscriptions must be paid from present date to at least one year in advance.) If bought outright the price of this valuable book will be $1.00 postpaid.

Subscription Rates in all Parts of the United States, $2.00 Per Year. In Canada, $2.50 Per Year.

American Rule Changes.

AT THE Congress of the American Trotting Association last week in Chicago, practically the only change made in existing rules was the one regarding early season records This change has been agitated for some year in the West particularly, and in short takes no cognizance of win-race records taken prior to the second week in July in determining eligibility on American tracks. The rule was made at the instance of many owners and trainers, and also racing associations, it is said, who see in the change a stimulation to early season racing.

There is a probability that this surmise is correct, and in any case the effect of the rule will be watched with interest. Few early meetings in late years have had the success deserved, and if the rule change will tend to grant a greater patronage from campaigning horsemen and encourage them to race earlier in the season no doubt it will become a permanent change. June meetings, with few exceptions, have been financial failures, this outcome being greatly the result of a lack of entries. It is the contention of a considerable number of horsemen that with the new rule in force, more horses will be raced in June than ever before, that in fact entry lists will be brought up to the standard where large crowds will not be necessary to make balances for associations. The assumption is that owners and trainers are greaty averse to taking records on good prospects early in the season, particularly in events where the light purses prevail, as they are quite apt to become ineligible to later closing events of more value. In this assumption there is undoubtedly much good reasoning.

Another item of value that appears likely to result is that of improved racing. In early season racing there is undoubtedly a tendency to race for second money, or in other words, to avoid a win-race record. With all liability of penalty in the form of a win-race record removed, there is an extreme possibility that better contests will result, especially in the slower class events, where, of course, the avoidance of the win-race record is the most prevalent. The operation of the rule will be watched with interest, and on its success this year will likely depend its future.

Minor changes characterized the rest of the action of the congress, the changes reported for adoption by the rules committee being practically all adopted. The exceptions were the amendment to rule 39, which provided that "all entries must be made to the individual members. Circuit entries shall not be accepted to sustain suspensions." This was rejected along with the proposition to amend rule 117 so that only fines collected from drivers should be applied to the fund for needy drivers. All changes adopted from the report of the rules committee are presented below in connection with the full text of the amended rules, amendments and additions being indicated by capital letters.

Rule 13. As amended: "In every exhibition, race or performance against time over the track of a member, the presiding officer, or manager of the member, shall appoint, or authorize the appointment of three men, who are familiar with the rules, to act as judges. He shall also appoint three persons who are competent to act as timers. He shall employ a licensed starter to start the horses, and appoint some competent person to act as clerk of the course. A MEMBER MAY ELECT TO HAVE BUT ONE JUDGE, WHO SHALL BE APPOINTED BY THE AMERICAN TROTTING ASSOCIATION; IN SUCH CASE THE MEMBER SHALL APPLY TO THIS ASSOCIATION THIRTY (30) DAYS BEFORE ITS MEETING, AND SHALL DEPOSIT WITH THE SECRETARY OF THIS ASSOCIATION THE AMOUNT FIXED FOR SUCH SERVICE. SUCH JUDGE SHALL NOT ACT AS STARTER AT THE SAME MEETING."

Rule 23. As amended: "If a horse has ever performed in a public race OR MATINEE, the last name under which it performed shall be given in the entry; and if the name has been changed within one year, each name it has borne during that time must be given; and if any horse without a name has ever performed in a public race or matinee, mention must be made in the entry of a sufficient number of its most recent performances to enable interested persons to identify the horse."

Rule 35. As amended: "No suspensions for nonpayment of entrance fee shall be lawful unless ordered within fourteen days (omitting Sunday) of the close of the meeting, and accompanied by the published conditions, THE JUDGES' BOOK, the orginal entry and envelope bearing the post-mark, if transmitted through the mails. No suspension shall be imposed for nonpayment of such fee contracted in a class wherein the horse was permitted to start, except where credit is extended, and in any case when the member has applied for membership subsequent to the closing of its entries, such suspensions shall be unlawful unless notice of intended membership has been given prior to the closing of the entries."

Rule 51. As amended: "A horse with a record shall be allowed one second for each year, if raced, in which he fails to equal or reduce his record or win a race. Other allowances may be granted if so stated in the published conditions. ALL TIME ALLOWANCES UNDER THE RULES OR PUBLISHED CONDITIONS MUST BE CLAIMED AT THE TIME OF MAKING ENTRY AND APPEAR THEREON."

Rule 61. Changed so as to read: "HOPPLES OF ANY KIND OR FORM SHALL NOT BE USED IN RACES OR IN PERFORMANCES AGAINST TIME ON THREE-YEAR-OLDS AND UNDER. ANY PERSON OR MEMBER OF THIS ASSOCIATION VIOLATING OR PERMITTING THE VIOLATION OF THIS RULE, SHALL BE FINED NOT LESS THAN ONE HUNDRED DOLLARS ($100), TO WHICH MAY BE ADDED SUSPENSION OR EXPULSION."

New Rule, after Rule 72. "THE STARTER MUST NOT SOLICIT ENTRIES, DISTRIBUTE ENTRY BLANKS OR ACT AS AGENT FOR ANY MEETING AT WHICH HE IS EMPLOYED TO ACT, OR DO ANY THING THAT IS LIKELY TO DIVERT ENTRIES FROM ONE MEMBER TO ANOTHER. THE LICENSE OF ANY STARTER WHO VIOLATES THIS RULE SHALL BE REVOKED."

Rule 75. As amended: "The clerk of the course may, at the request of the judges, assist in drawing the positions of horses before the race, or other similar duties, and shall keep a book in which shall be recorded the name of each driver or rider, and colors worn. He shall note the time when a heat is finished, and shall notify the judges, or ring the bell, at the expiration of the time allowed between heats; he may assist the judges in placing the horses at the finish of the heat. He shall record in the judges' book an account of every race, in the following form, to-wit: First, the system or plan under which the races are held; next, all horses entered and their pedigrees, and the names of the drivers, or riders; next, the starting horses and the positions assigned them; next, a record of each heat, giving the position of each horse at the finish; then, the official time of each heat, and at the end an official summary of the race, giving the drawn, distanced and ruled-out horses, if any there be. He shall record all protests, fines, penalties and appeals and shall check and see that the colors and numbers worn by the drivers agree with the score-cards. HE MUST ALSO PRESERVE THE TIMERS' CERTIFICATES AND PLACE THEM IN THE ENVELOPE IN THE FRONT PART OF THE JUDGES' BOOK."

Rule 89. As amended: "In case of unfavorable weather or other unavoidable cause, members shall postpone to a definite hour the next fair day and good track (omitting Sunday), all stakes upon giving notice thereof; they may exercise this power before or after the race has commenced. Any purse race, or installment plan purse, that closed the same year in which it is to be contested, that has not been started by 5 o'clock p. m. on the last advertised day of the week to which the member has limited its meeting during the months of May, June, July and August, and 4 o'clock p. m. during the balance of the year, shall be declared off. When a purse, or class race is declared off, under this rule, the entrance money shall be returned to the nominator. When an installment plan purse is declared off, under this rule, the entrance money and forfeits shall be divided equally among the nominators eligible to start. Any purse race, or installment plan purse, that closed the same year in which it is to be contested, that has been started or remains unfinished on the last ADVERTISED day to which the member has limited its meeting, shall be declared ended and the money divided according to the summary."

Rule 92. As amended: "Every horse shall be named and the name correctly and plainly written in the entry, and IF THE HORSE HAS BEEN REGISTERED BY THE AMERICAN TROTTING REGISTER ASSOCIATION, OR HAS STARTED IN A PUBLIC RACE OR MATINEE such name shall not be changed, without procuring a record thereof, to be made in the office of the secretary of this association, for which shall be paid a recording fee of $50, the fee to go to this association. For each violation of this requirement THE WINNINGS BECOME ILLEGAL AND a fine may be imposed, together with the suspension of the horse until paid, and no horse shall be thus recorded by a name that has been recorded for another horse. Provided, that when a recording fee has been paid to the National Trotting Association, or the change of name has been required by the American Trotting Register Association for the purpose of registration no recording fee shall be charged by this association. Certificates from the aforesaid associations to be furnished that the recording fee has been paid, or the name was required to be changed, as the case may be."

New Rule, after Rule 140. "Nothing in Rules 138, 139 or 140 shall prohibit the judges from setting a horse back one or more places if, in their judgment, that is sufficient punishment."

The Plain Situation.

WE TRUST that those of our readers who felt that our predictions in early winter concerning the 1915 season were actuated by the buoyancy bred in the clearing up of the 1915 slate and the coming of a brand new year, or by the tendency to exaggerate the importance of signs that were not too conclusive, are becoming impressed, as we are, that 1916 is certain to be a prosperous year in the harness world. To him who still persists in the gloomy ruminations of the pessimist, we can offer no further advice than to look about and judge for himself. Never before in harness horse history have the signs indicated more clearly a healthful revival in the breeding world. Awakened by the clear fact that the diminution of the breeding operations in recent years has produced a remunerative market for the desirable products of breeding farms there can not be any mistake regarding the attitude of progressive breeders. They are preparing for the inevitable good values that will be reaped by those who will furnish the high grade material of the near future.

The late sale of Peter the Great is an indication of the thoughts which are moving the best business men in the harness horse industry today. A great price was paid for a great sire by one of the most capable financiers and business men that move in the horse industry. And it is a fair prediction that, barring misfortune, the purchase will prove a splendid business stroke.

This is a notable instance, but all about in the localities where the best blood is produced, transactions are being consummated that make plain the fact that there is still money in the industry to the man who manages on business principles.

LIVE NEWS FROM THE BLUE GRASS

LEXINGTON, Ky., February 19.—After having been at the head of Patchen Wilkes Farm for past years Peter the Great 2:07¼ was moved to the Forkland Farm of R. S. Strader, a mile from his former home. Here he will be in the stud the coming season under charge of Mr. Strader, and will serve mares at $1,000 the season, except those which have been previously booked, which number some forty head, or close thereto. It was one of the conditions that all contracts made for breeding mares to Peter the Great prior to his sale would be carried out.

Among the latter variety are Messrs. W. B. Dickerman, who had booked six mares, all by Bellini 2:13¼, with the exception of Esther Bells 2:08¼, a half sister to Atlantic Express (3) 2:08¼; John E. Madden, who booked five, and Jack McDonough, who recently brought down three for Cleveland patrons; W. B. Barefoot, of Cambridge City, Ind., who sent the dam of Single S. 2:02¾; A. B. Coxe, who sent five, etc.

Jack McDonald brought three mares that are to be bred to Peter the Great. They are Rhythmell 2:04¼, owned by H. H. Stambaugh, Youngstown, Ohio; Kittie Pointer, by Star Pointer, the dam of Uncle Biff 2:06¾, and Nell Cord 2:26¾, dam of the past season's high class two-year-old, Bingen Silk (2) 2:08¾, owned by McDonough and his employer, W. P. Murray.

Among the consignors to the asle this week was R. S. Veech, proprietor of Indian Hill Farm, St. Mathews, Ky., the oldest active breeder possibly in the State of Kentucky, as he will be 83 years old in two months. His establishment was formerly one of the most noted in the State and every horse in his consignment ran back to the best of Hambletonian, American Star, Mambrino Chief, etc., mares. At one time he owned more Star and Hambletonian mares than any other breeder.

Before leaving Mr. Winings secured an option on the yearling colt in the stable of James Snell by Peter the Great, out of Barona Worthy by Axworthy. Later, upon arrival at Indianapolis, the Indianapolis man wired Snell that they would take him at that figure given in the option. The colt is considered by local horsemen who have seen him, as a real freak, some going so far as to say that he is the fastest of all sensational yearlings that have been seen here. At any rate he is right now a real sensation, not only having the most extreme speed, but gait, individuality and everything else that goes to make up a good colt and does what he does like a real trotter. On pedigree he has nothing lacking, for his dam is a young daughter of the successful broodmare sire, Axworthy, he being her first foal. His second dam is Barona (dam of Arona McKinney 2:07¾) by Baron Wilkes, and third dam Lou, the dam of Axtell (3) 2:12.

J. L. Tarlton has consigned the fast three-year-old colt, Signola (1) 2:26¾, to the New York sale, and someone will have a chance to buy a real good youngster in him. He was trained the past season by Roy Miller, who regarded him very highly, working him on July 28 a mile in 2:20 with the first quarter in :32½, and the final one in 32 seconds. He also trotted a mile in 2:18 and was intended for a campaign through the Metropolitan Circuit but did not get to start after being shipped there. He is by the successful young sire, Echo Todd 2:14¾, and his dam is Yacatala by Arion 2:07¾.

* * *

No sale the past week attracted as much attention as that of a three-year-old daughter of Esko by Moko, in the consignment of R. S. Veech. The filly was bought by Ed. Will Curd, an eleven-year-old boy of this city, who bought the filly to breed to Peter Volo. Last fall at the Trots, W. E. D. Stokes, owner of the champion, was approached by the boy who said he would like to own a good trotter and would give $100, which was all the money he had, for the horse. This the owner was forced to decline, but he said that he would do the next best thing, and that if the boy would buy a mare he (Stokes) would keep her at his farm and breed her to Peter the Great. This the boy decided to do and this purchase was the result.

* * *

J. O. McAllister recently sold to F. L. Simpson, Union Bridge, Md., the yearling black colt by Walnut Hall 2:08¼, out of Trerissa by Tregantle 2:09¼. Trerissa is a young mare, her first foal being Treworthy (2) 2:19¼. The second dam, Maria Orissa by Baron Wilkes, is the dam of Rollins 2:07, and the third dam is Orissa (the dam of the high class trotter, Baron de Shay 2:08½) by Strathmore 407. McAllister also sold to Dave Anderson, Rochester, Pa., the champion yearling pacing gelding, Vice (1) 2:23¾, now a three-year-old. The youngster is by Vice Commodore, dam by Lord Direct, and is considered quite a likely pacer. He had but little work the past season, as her owner-trainer was away a portion of the season.

* * *

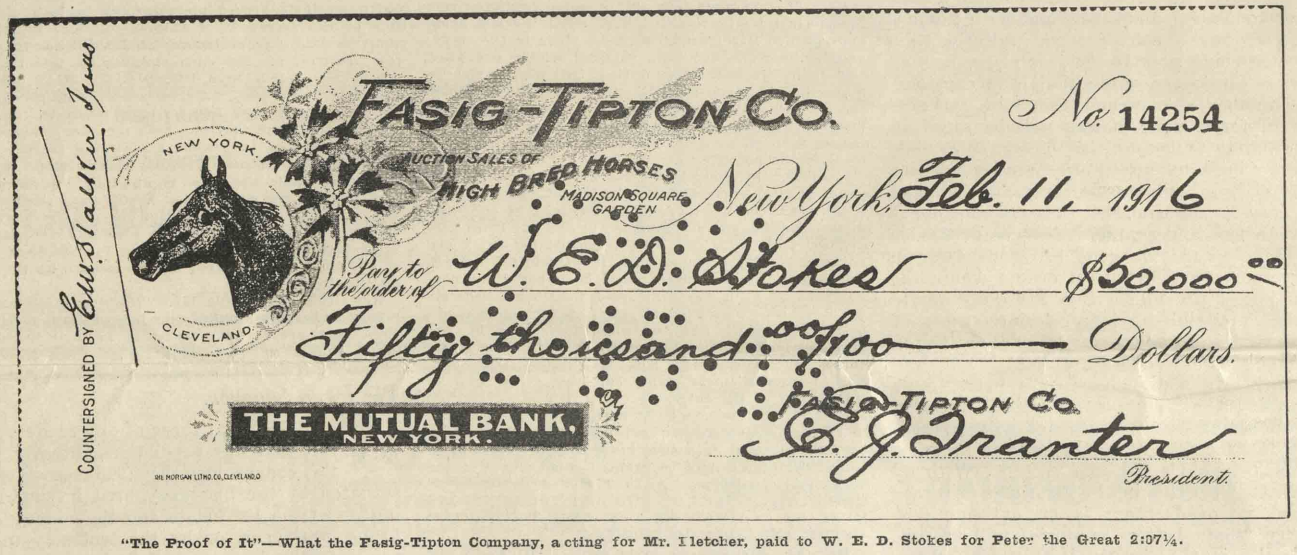
All of the brood mares of the popular and successful New York breeder, W. B. Dickerman, will be bred the coming season to his young stallion, Atlantic Express 2:07¾, with the exception of seven which are by the latter's sire, Bellini 2:13¼, and Esther Bells 2:08¼, which is out of his dam, Expressive (3) 2:12¼. Esther Bells is the only one of the mares yet to foal, dropping a nice filly the past week by Jack Straw. Dickerson has a sister to the foal in his stable at Memphis that he regards very highly. Esther Bells and five of the other mares will be bred to Peter the Great and the remaining two to Axworthy and San Francisco.

U. G. Saunders, of Fairland Farm, is sending a consignment of sixteen young trotters to the Chicago sale, which contains a number of colts of real merit. They are being prepared by Stanley White, who trains the Saunders horses, and can show quite a little extreme speed. One of the stars of the lot is the bay colt, J. B. Marque, by the young stallion, Kentucky Marque, a grandson of Peter the Great, and his dam is Tregantle Girl, by Tregantle 2:09¼. He can show like a real trotter. Another star is Cochato Watts, by General Watts (3) 2:06¾, dam Ruth Princess, by Cochato, and as might be expected the doubling up of these two great colt trotting families has resulted in a fast trotter. The Native 2:10½ is represented by three good colts in the stable, all of which can do something in the way of trotting and are good gaited. Two are colts, Native Worthy, being out of a young daughter of Axworthy—second dam Bemay 2:13¼, the former champion trotter and dam of the fast Bingen trotter, Twenty Six. Peter Native is out of Empress Eudoxia, by Peter the Great, and tracing beyond to another high class family. Native Rose is a bay filly, dam Lavinia R., by Larabie the Great 2:12¾—second dam Femme, a sister to Baronet 2:11½, by Baron Wilkes 2:18. Peter Native is bred much in the same lines as the past season's good little trotter, Walnut Tree (2) 2:10¾. There are some other good yearlings, including a San Francisco colt, out of a Moko dam, and a J. Malcolm Forbes youngster, out of Femme, by Baron Wilkes. Then there is also quite a fast Moko trotter, a two-year-old, bred much like Siliko (3) 2:11¼, Brighton 2:08¾, Manrico (3) 2:07¼, etc. His name is Mozol, and his dam is Vicon, by Vice Commodore 2:11—second dam Silicon 2:13½.

* * *

Roy Miller, who recently opened a public stable here, will have a nice lot of colts to train, judging from the batch which has come to him, and are the property of various owners. Mr. Miller has trained a public stable here before, when he was particularly successful, having the best clientele of patrons of any man at the track when he went to Dromore Farm to work for George Gordon Moore, whose training stable is now discontinued. The list that he has are as follows:

Dillon Worthy, b c (2) by Axworthy—Lottie Dillon, by Sidney Dillon; North Hall, bl c (2) by The Northern Man 2:06½—Lady Fostyn, by Walnut Hall; Worthy Girl, b f (2) by Axworthy—Harvest Girl (sister to the champion stallion, The Harvester 2:01), by Walnut Hall; Prince Pepper, bl c (3) by Prince Ingomar—Queen Regent Ideal (dam of Queen Abbess 2:03¼, Major Woolworth 2:05¾ and Princess Ruth 2:05¾), by Mambrino King; Bettina, br m (5) by The Clansman—dam by Re-election, trial 2:11; bay colt (2) by The Clansman—High Born Lady (dam of King Clansman 2:06¾), 2d da mHelinor dam of Miss Willamont 2:07¾; Glory Axworthy, ch f (2) by Axworthy—Glory Quayle



"The Proof of It"—What the Fasig-Tipton Company, acting for Mr. Fletcher, paid to W. E. D. Stokes for Peter the Great 2:07¼.

2:14¾, by Re-Election; Meda (2) 2:17¾, b f (3) by Peter the Great—Fair Margaret 2:07¾; bay colt (1) by Siliko—Elizabteth Kyle, by Arion—2d dam Lazelle 2:15¼ (dam of Boreazelle 2:09¾, and Miss Adbell 2:06¼); bay colt (1) by Echo Todd 2:14¾—My Charm 2:26¼, by Red Wilkes; Rosa Y, b f (1) by Siliko—Rose Lake 2:22½, by The Bondsman; bay filly by The Harvester, and bay filly (1) by San Francisco.

Miller is particularly pleased with the brother to King Clansman as to individuality, having others also that show well. He is a show horse and looks like a fast trotter as well. Miller raced Miss Willamont, a half sister to his dam.

* * *

M. E. McHaffie, of Coatesville, Ind., who in seasons gone by owned or raced Forest Wilkes, Forest King (3) 2:18¼, Willie Benton, p, 2:05¼, Ernest Axtell 2:08¼, etc., but who has recently devoted his time and attention to other lines of business, bought the past week of John Splan two nice youngsters by Peter Donna. Gill Martin is a two-year-old bay colt, dam Victoria the Good, by Peter the Great, thence tracing to the Waterwitch family. The other is a yearling bay colt out of Fantaline, by Altamont 2:26¾.

JESSE SHUFF.

Great Western Circuit Meeting.

A chain of thirteen consecutive meetings, eleven of which are exclusive members of the Great Western Circuit, was the result of the deliberations of the schedule of that organization in Chicago last Tuesday. The business was transacted in a comparatively short time, there being no bad tangles to straighten out regarding the make-up of the line. The main point of difference from the route of 1915 lies in the dropping out of Dubuque and Davenport, Iowa, and the adoption of Omaha into big society, the association of the Nebraska town getting the week following Burlington and preceding Des Moines. E. J. Curtin, of Decorah, Iowa, and W. H. Smollinger, of Iron Mountain, Mo., were re-elected president and secretary, respectively, both officials getting a well merited recognition of their excellent service for the circuit in an unanimous action of their conferees on the board.

The report of the schedule committee, of which H. J. Kline, of Cleveland, Ohio, was chairman, was made quickly, and the meeting as quickly adopted the report. The Cleveland association, which gives the opening meeting of the Grand Circuit at North Randall, gets the opening dates, to be followed by Detroit, the action in starting off with these members of the Grand Circuit following a precedent that appears to be satisfactory to the Great Western members in general. Peoria, following Detroit, gives the first meeting of the exclusive Western members, and then come the following cities: Galesburg, Burlington, Omaha, Des Moines, Hamline, Milwaukee, Springfield, Sedalia, Albuquerque and Phoenix. Practically $230,000 is the aggregate offered on the circuit, $10,000 being the smallest amount offered by a single association, this being guaranteed by the association at Albuquerque.

The schedule of the circuit follows, with the amount offered by each association:

North Randall, Ohio, July 17-20	$ 32,000
Detroit, Mich., July 24-29	32,000
Peoria, Ill., July 31-August 5	12,000
Galesburg, Ill., August 7-12	12,000
Burlington, Iowa, August 14-19	12,000
Omaha, Neb., August 21-26	12,000
Des Moines, Iowa, August 25-31	14,000
Hamline, Minn., September 4-9	22,000
Milwaukee, Wis., September 11-15	22,000
Springfield, Ill., September 18-22	19,000
Sedalia, Mo., September 25-30	15,000
Albuquerque, N. M., October 23-28	10,000
Phoenix, Ariz., October 30-November 4	15,000
Total	$229,000

The route is a strong one, and while the absence of two of the strongest associations in the 1915 schedule is to be regretted, the prospects are excellent for the coming season, with a certainty of a continuous line of meetings, no one of which is unstable. The new association at Omaha was represented by Edward Petersen, and it is assured that a meeting of high calibre will be given there, as the organization has ample backing, a good plant, and has behind it the influence and aid of representative citizens of the Nebraska city.

The fast pacer, Hydric 2:05¼, was recently sold by J. R. Trimble, Freedom, Pa., to parties in Kincardine, Ont.

Eastern Illinois Grand Circuit.

The stewards of the Eastern Illinois Grand Circuit met in the Auditorium Hotel, Chicago, on February 15, to make plans for the racing season. It was the same day of the meeting of the Great Western Circuit stewards' meeting and while the smaller organization lays no claim to being a rival of the other, the schedule laid out for 1916 makes it appear very strong, and one of the best half-mile organizations of the whole country. The schedule of towns and dates as arranged appears as follows: Clinton, August 8-11; Monticello, August 15-18; LeRoy, August 22-25; Charleston, August 22-25; Urbana, August 29-September 1; Kankakee, September 4-8; Aurora, September 11-15; Springfield (State fair) September 18-22. The meeting at Springfield is the only one over a mile track in the circuit.

J. B. Quirk, Secretary of the Eastern Illinois Grand Circuit.

The classes are all for $400 with the exception of those at the State fair meeting, the events for the balance of the circuit being for the following classes: Trotters—2:12, 2:15, 2:18, 2:21, 2:25 and three-year-old; Pacers—2:08, 2:12, 2:15, 2:20, 2:25 and three-year-olds.

Len Small, the popular Kankakee official, was re-elected president, while the circuit secretaryship went to the genial and live-wire Urbana secretary, John B. Quirk. It was voted to have each association give a horse show in connection with the fair, for which excellent prizes will be offered. A prize of $500 will also be given by each association for saddle mare or gelding, and besides one of the same amount for the best light harness horse.

At Anthony, Kan.

This has been a nice winter to jog horses here. The track has been good until recently, when a sleet and snow storm came which kept us in a few days. The track is covered for about half of its width with straw, and it makes a good jogging surface. C. L. Garrison has about ten head, mostly colts. In his string is Chicaskia Bill, a 2:30 trotter that has been miles in 2:15, and is working very satisfactorily. Tony J. is a green pacer that acts very good, but the pride of his barn is the two-year-old trotter, May Martin, by Ike Martin 2:14½, out of the dam of Zelma Strong 2:29¾. This filly is entered in the Kansas and Oklahoma Futurity.

O. F. Morrison is working four head. Major Stanley 2:29¼ is a big nice-going trotter that looks good and is expected to trot in 2:20 this year. He was sired by Liberty Bird, and was out of the dam of King Pin 2:09¼. Lady Maud T. is a green pacer that has been miles better than 2:20. The other two are a green trotter and a green pacer, both sired by Shadeland Cuylercoast. Mr. Morrison also has several runners in training.

The stable of C. E. Lewis consists of eight head. Monluneer Jr. 2:15¼, a 2:19 class trotter, is wintering finely. Others are: Zelma Strong 2:29¾; three-year-old trotter by Noron 2:23¼; green trotter by Liberty Bird, out of the dam of Monluneer Jr.; two-year-old trotter by The Searcher 2:17¼ (sire of Alice Roosevelt 2:08¼), that is a Kansas and Oklahoma Futurity candidate; two-year-old trotter by Symboleer 2:09½, dam by Allerton 2:09¼, that acts like a useful trotter.

The association here is a member of the Kansas and Oklahoma Circuit, and the track here is always in good shape. Outside trainers are always welcome to come here and train.

Training at Boise, Idaho.

The former Chicago trainer, Jim Kirby, is located at Boise, Idaho, and has in his stable some good material. One member is Lady Garland, a daughter of Zombro 2:11, that has been a mile in 2:13¼, with fractions very fast, when she was in the hands of John D. Springer, of Sonoma Girl fame. A two-year-old filly by Graham Bellini 2:11¼, looks high class, as does a yearling colt, called Idaho Chief, by Suomi, a son of Zombro. Kinney Benton, a two-year-old gelding, by True Kinney 2:12, dam by Prince Ansel, is a good looking youngster that could show a 2:30 gait last fall, and Miss Eileen 2:18½, a daughter of Junior Dan Patch 2:05½, that is eligible to all classes, has worked very fast for Kirby. She has the indications of a useful race mare.

Other trainers at the Boise track are: Lew Chapman, W. H. Williamson, J. D. Springer, Bert Smart and O. M. Hutchins. Several others are expected early in the spring. Peter Weber, of Hailey, Idaho, will train Valentine Jr., that has trialed better than 2:10. Kirby expects to move to the track about March 1. He reports the greatest amount of snow that the locality has had in thirty years, but is enthusiastic over the climate and other conditions for training.

New Dates on Michigan Circuit.

Detroit, Mich., February 17.—At the meeting today of the executive board of the Michigan Short Ship Circuit a re-arrangement of dates was effected in harmony with the wishes of all members.

The new dates give Monroe the opening meeting, June 12-17, and the closing races, October 24-27, providing five months of harness competition. The new dates follow:

Monroe, June 12-17; Bay City, June 20-23; Port Huron, June 27-30; Saginaw, July 4-7; Monroe, July 11-14; Jackson, July 18-21; South Bend, Ind., July 25-28; Port Huron, August 1-4; Saginaw, August 8-11; Mt. Clemens, August 15-18; Owosso, August 22-25; Ithaca, August 29-September 1; Detroit (State Fair), September 4-8; Jackson, September 12-15; Marshall, September 19-22; Charlotte, September 26-29; Saginaw, October 3-6; Detroit (Driving Club), October 9-13; Kalamazoo, October 17-20; Monroe, October 24-27.

In the stake program the 2:15 trot has the ordinary conditions and the 2:12 pace has been changed to a 2:13 pace. Stakes will be given at the first seven meetings.

Snow Racing at Detroit.

Detroit, Mich., February 14.—Last Saturday and Sunday were match race days for the snow path. The first day Arlington Maid clashed with Tootsie Mac in a five-heat battle, the victory going to the former after she had dropped the first two heats to Tootsie. Both contestants are free-legged pacers and put up a sterling battle, which was witnessed by a large crowd.

On Sunday Bright Home and King Albert put up a hotly fought five-heat race, the last named winning the first heat and finishing a dead heat in the fourth.

The summaries of both events follow:

ADD SNOW racing at DETROIT

Detroit, Mich., February 11.—Match race, pacing:

Arlington Maid, b m (Amsbary)	2	2	1	1	1
Tootsie Mac, br m (E. Thompson)	1	1	2	2	2

February 13.—Match race; trotting:

Bright Home, br g by Moko (Bamarito)	2	1	1	0	1
King Albert, br g (DeGennatear)	1	2	2	0	2

A Capable Trainer.

Everett Osborn, the young Indiana trainer, has demonstrated his ability to train and drive very capably with numerous trotters and pacers, and in his new location at the Muncie, Ind., track he will have the facilities to give the best of attention to horses placed under his charge. The Muncie track is one of the best of the half-mile variety, and in the hands of Osborn horses will get all chances there are to make speed and race right. Address him for terms.

THE LEXINGTON SALE.

LEXINGTON, KY., February 16.—The trotting horse division of the Kentucky Sales Company's auction closed today. It was generally considered the best sale held here in years. Quality considered, very good prices were received at the first day's auction when Auctioneer George A. Bain, of this city, sold seventy-five head for $9,055. The feature offering was that of Plain View Farm, Charleston, Ind., which sold seven head of the get of Peter Giltner 2:27¾ for an average of slightly over $220. Miss Lady Belle Peter in this consignment, a yearling bay filly out of Belle G. Green, by Miller Green 2:21, brought the top price of the day, $750, being purchased at that figure by the local trainer, Hunter C. Moody. She is a full sister to a chestnut colt purchased at the last sale by E. R. Little, of Mt. Sterling, Ky, for $400. The colt could show equally as fast, the difference in the pair being that the filly was entered in the futurities, whereas the colt was entirely without stake engagements. Mr. Si Giltner, the owner of Plain View Farm, and an annual consignor, was unable to be present at the sale, but his interests were well looked after by his son, Sam, who was on the block, and the veteran salesman, John Splan, who was of much assistance in the ring. The fact that they were able not only to sell a yearling for more money than Mr. Giltner himself secured last year, but to obtain a higher average, was distinctly pleasing to both of them.

When Auctioneer Bain opened the sale yesterday morning and made his first call for bids, there was a fair sized crowd in attendance, which increased during the day. Amnog horsemen from a distance who were noticed in the ring were: Charles E. Dean, Palatine, Ill.; Cliff Todd, Montgomery, Ohio; Harry Stokes, Urbana, Ohio; Hal Erwin, Howell, Mich.; Vance Nuckols, Cleveland, Ohio; George Stiles, Rome, Ga.; Jack McDonough, Cleveland, Ohio; Walter R. Cox, Dover, N. H.; Lon McDonald, Indianapolis, and other well known trainers. Owners included Charles W. Leonard, Boston, Mass.; Dr. Alex Harthill, Louisville, Ky.; William Connors, Braddock, Pa.; Greeley Winings, Indianapolis, Ind.; J. J. Ashe, Knoxville, Tenn.; David T. Arrell, Youngstown, Ohio; R. S. Veech, St. Mathews, Ky.; E. L. Whitehead, Louisville, Ky.; J. W. Newman, Versailles, Ky.; I. P. Russell Jr., Stevenson, Ala.; J. G. Cooper, Cincinnati, Ohio; M. A. Towle, Boston, Mass.; Omer VanKirk, Dayton, Ohio, and others.

The turf newspaper fraternity was represented by Will Gahagan, of The Western Horseman; Jay Critchfield, of the American Sportsman, and Walter Moore, of the Horse Review, Chicago.

Considerably better prices were received at the second day's auction of trotters of the Kentucky Sales Company at Tattersalls yesterday this afternoon when sixty-five head were sold for a total of $18,715, making an average of $288 per head. The top price of the day and the sale to date was $2,000, which was paid by David T. Arrell, of Youngstown, Ohio, for the seven-year-old trotting mare, Margaret Jay 2:11¼, consigned by John B. Armstrong, Huntingburg, Ind. Margaret has proven a high class campaigner, principally over the half-mile tracks and should be a good winner in high class society the coming season.

The second highest priced animal of the day was the three-year-old, Lotto Watts (2) 2:15, by General Watts (3) 2:06¾, consigned by Dr. John R. Hagyard, for which Ross F. Stout, of Clarksburg, Pa., paid $1,675. The filly is a half-sister to the good race mare, Lula Arion (4) 2:08¼. Next in price, and the highest priced of her age sold, was the two-year-old filly, Alice Virginia, by Morgan Axworthy 2:17, consigned by E. L. Featherston, of this city. She was knocked down to H. R. Small, Chestnut Hill, Pa., who was acting presumably for the well known show horse fancier, E. T. Stotesbury. Mr. Small was also the fortunate bidder for the successful show roadster stallion, Ebony King 2:16¼, by Silent Brook, which he secured for $1,025. He was consigned by I. P. Russell Jr., Stevenson, Ala. The only other horse during the day to bring as much as $1,000 was the three-year-old pacer, Edward, by The Northern Man 2:06½, that went to William Connors, of Braddock, Pa., for $1,000.

A. T. R. Cup for Stallions.

One year ago the American Trotting Register Association donated to the Panama-Pacific International Exposition a number of sterling silver cups, to be competed for by standard and registered trotting-bred horses. The one for the champion stallion class, which cost $200, was not competed for, and in consequence was returned. This cup stands 24 inches high, and on the face has a fac-simile etching of the great stallion, Bingen 2:06¼.

At the annual meeting of the stockholders of the American Trotting Register Association, held at their office in Chicago on February 2, 1916, the following resolution was adopted:

WHEREAS—The Champion Stallion Cup, given by the American Trotting Register Association, to the Panama-Pacific International Exposition, to be by it awarded for Standard and Registered Trotting Bred Horses, was not competed for, and

The Championship Stallion Cup, to be given away by the American Trotting Register Association.

Whereas—It is the desire of the American Trotting Register Association that this cup shall be competed for and awarded, it is hereby

Resolved—That each State Fair Association in the United States of America be asked to make a class for Trotting Bred Stallions, each to be shown with five of his get, and that this cup be given to the association having the greatest number of exhibitors in that class, to be by it awarded to that stallion which shall be decided to be the best in that class.

Each State fair should add to its prize list a class for this cup, under the conditions of the resolution, the following conditions also to govern:

There must be two or more stallions, with five of his get, four-year-olds and under, entered. The following percentages to govern in tallion and his get; General conformation and all around suitability of sire as a light harness horse, thirty per cent.; style, action, manners and speed of sire, twenty per cent.; general conformation and all around suitability of get as light harness horses, taken as a whole, thirty per cent.; style, action, manners, speed and uniformity of type in get, twenty per cent.

The Horses at Paris, Ill.

Dr. Crabtree is using his trotting stallion in his practice this winter. The horse looks good and is fast enough on the snow that none of the boys could head him. The mare, Normabel, by Mobel 2:10¼, that he purchased last year in Chicago, showed good in 1915, winning a race at Martinsville, Ill., and stepping the fifth heat in 2:24¼.

Walter Stewart has a great pacer in Peter Pan 2:06¼, and will have him out after the oats again this year. C. A. Stewart will be ready with Indian 2:16¼ when the bell taps for the racing to begin this year. A rest will do him considerable good, too, for he raced hard last year, getting his share of the money, also. Charles Easter bought a four-year-old colt recently that is a good one. He is by Red Medium 2:23¼, the good sire owned by Lu Green, Indianola, Ill. Alexander has a fast filly that could trot an eighth last fall as a yearling in 17½ seconds. She is one that should learn to step very well this year.

Bernie Younger is jogging the fast trotting mare, Josie Review (4) 2:18¼, and she has an excellent chance of being one of the good winners this year. She was one of the best trotters that raced on the half-mile tracks last season, winning a number of races and considerable money. Mr. Younger has in charge an own brother of her that is all trot, and shows great promise for a green one. Another one in the Younger string is a chestnut four-year-old owned by Sam Preston. This one is by The Captain 2:20¼ and appears a fair sort of prospect.

Frank Preston has a yearling and a two-year-old by Nelson Margrave that has lots of speed at the pace. Lou Easter has a son of McKinney that has lots of speed, and with which he will make a season at his barn this spring. He owns a mare that can step a mile around 2:25, and is a good individual and a show mare, too. Bruce Waltz will send his fast pacing mare, by Charm Boy, to Tom Sanders for training. This mare has unquestioned speed and ought to be good to campaign. His pacing gelding, Paris Baron, by Paris W., will do road work this summer, but will be gotten into shape for a few starts the coming fall, as he seems to be in good form, and has about recovered from his railroad accident. Art Fiddler's pacing gelding, Spanish Don, is in good shape. He can step miles around 2:20 almost any time, and goes without the hopples. Frank Johnson has the three-year-old, Jessie Hull, by Charm Boy, out of Lizzie Twister, by Reward J. This filly stepped an eighth as a yearling in 19 seconds, and has been used for family use, for which she is excellent. Last year she was bred to Paris Baron, and the foal will be eligible to The Western Horseman Stake, as she was nominated last fall.

Foster Horn, the blacksmith, is a lover of the game—in fact, so well that he wants to put grabs on all the farm stuff that comes into his shop, and he never quits talking about the bar shoe.

CORRESPONDENT.

Notes From Shelbyville, Ind.

Lewis J. Hamner has a mare by Billy Gould 2:14¼ that is very clever at the pace. She won the Shelby county road race last fall with a heat in 2:22, after only three or four weeks' work. Mr. Hamner also has a yearling colt by Billy Gould that he is very proud of. This youngster has for a grandam the dam of W. A. 2:04½.

Our local blacksmith, Samuel Richey, has a mare by Tekmar that is due to foal in May to Doctor O'Rear, the good son of McKinney, owned by James Morrison. Leonard Dritt also has a fine big three-year-old by Governor Durbin, out of the dam of W. A. He is a fine, large colt. David Wagner worked him thirty days last fall, and considers him a great colt. Ervin Pyle can be seen daily on the boulevard of Marietta, driving the three-year-old filly by Dale Axworthy, dam by Rex Americus 2:11¼. Mr. Pyle thinks she has the steam of the Axtells. Chalmers Frederick has a very fine yearling colt by Bingen Hall, and one by Governor Durbin.

Protecting the Foal.

Breeding has its hazards, and foremost among them is the danger of foaling. Insurance which protects against loss in foaling is admirable insurance. The policy issued by the Western Live Stock Insurance Company, of Peoria, Ill., provides this sort of protection, both the mare and the foal she carries being covered by the policy for any length desired from thirty days to a year. If mare dies before foaling both mare and foal are paid for; if mare proves barren, there is a rebate on payment. Other policies of the desirable kind are written by this company, and information regarding them will be forwarded to any inquirer.

With the Horsemen in Kentucky.

By WILL GAHAGAN.

THE SALE GIVEN at Lexington last week by the Kentucky Sales Company was one of the best ever held in the Blue Grass city. While there was a shortage of horses, the prices realized by the consignors were most satisfactory, and when trotters or pacers that showed any class entered the ring, Auctioneer George Bain was kept busy, taking the bids. Never before have I seen the optimists more in evidence than at Lexington after the sale came to a close. Everyone seemed to be of the same opinion—that the horse game is all set for a big boom. The outlook certainly looks exceedingly bright, and I believe that the up-to-date breeder, the man that goes in from now on to produce the fashionably bred harness horse will reap a big harvest. The good bred trotter or pacer that can show anything will sell for the long price now but there is a shortage of them, the fact that the sales companies are unable to get them for their sales being the best of evidence to substantiate this statement.

The Indianapolis horseman, Greely Winings, who, acting for Stoughton A. Fletcher, of the Indiana capital, recently purchased the great sire, Peter the Great 2:07¼, attended the sale, and while in Lexington, had the sensational son of Pilot Medium placed in his new location at Forkland Farm where he is to make the remainder of the season in charge of Robert S. Strader. Despite the fact that Peter the Great is to stand at $1,000 from now on, Mr. Winings booked a number of mares, including the dams of Joan 2:04¼, Jack Leyburn 2:04¼, and Margaret Parrish 2:06¼, an dthree others, owned by John Madden, and states that the great futurity winning sire will have a full book this year. Breeders are well aware of the fact that Peter the Great is in a class by himself when it comes to producing great race horses, and as he is to be made a private stud after the close of this season, this is their last chance to mate their mares with this great stallion. Before leaving for Indianapolis, Mr. Winings purchased from James Snell, a yearling colt by Peter the Great and out of Barona Worthy by Axworthy 2:15½ at a price of $2,000. This youngster, led by the side of a pony, amazed all who saw him perform on Tuesday afternoon by his terrific burst of speed and Winings lost no time in cinching him for the Fletcher stable. He is eligible to all of the futurities and all of the horsemen that saw him in action predict a great future for the youngster.

The get of the young Peter the Great stallion, Peter Giltner 2:27¾, consigned by Plain View Stock Farm, Charlestown, Ind., showed a lot of speed in the ring, and commanded the attention of the bidders. The high price of the consignment was reached when the classy looking yearling filly, Miss Lady Bell Peter was knocked down to the Lexington trainer, Hunter Moody for $750.

The Dayton, Ohio, horseman, Omer Van Kirk was on hand, booking mares to Cochato 2:11½, and had seventeen names in his book when the sale was over. Among others, Mr. Van Kirk booked the good brood mare, Miss Pratt, owned by the Boston horseman, Benjamin Pope. Miss Pratt is the dam of The Leading Lady (3) 2:07. The get of Cochato made a good showing in 1915, when no less than twenty-one of his sons and daughters entered the list, and Mr. Van Kirk reports that he will do an enormous business in the stud this year.

The former turf scribe, A. D. Hughes, now superintendent of Shaffer Farm, C. B. Shaffer's beautiful establishment, formerly known as McGrathiana Farm, was in attendance at the sale each afternoon, and reports that everything is moving along smoothly at the farm which with recent additions, now comprises over 1,000 acres. Many improvements are being made at Shaffer Farm and when completed, the former thoroughbred nursery will be one of the finest stock farms in the Blue Grass. At the head of the stud is the handsome trotting stallion, Bergen 2:06¾, purchased last spring from Hopper Farm, Indianola, Iowa, and in picking this fast son of Bingara, Mr. Hughes made a wise selection. Bergen has all of the qualifications that are necessary in a sire, and with the opportunity that he will be given at Shaffer Farm, it is safe to say that he will make good as a producer of high class material. In the stud with Bergen is the grand looking Bingen stallion, King Bingen 2:19¾, that was also purchased last season. King Bingen, although yet only in his infancy as a sire, has already proven a sire of extreme speed, having to his credit the fast pacing stallion, Bingen Pointer 2:06¼ that W. L. Snow raced on the Grand Circuit last season, and several others. With two such stallions as these to cross on the many high class mares owned at Shaffer Farm, this breeding establishment is bound to take a place in the front ranks of speed nurseries within the next few years.

The consignment of yearlings by J. Malcolm Forbes (4) 2:08 that the Mt. Sterling, Ky., horseman, James Magowan, will ship to the New York sale next week is a select one, and in the bunch are several that loom up like real futurity stars. The colt, Cameron Forbes, is rated as the star of the consignment. Henry Horine, the Lexington trainer, who has brought out and raced with success many good performers, including The Plunger (4) 2:07¼, thinks that this youngster is one of the best colts that he ever saw. "I never saw or expect to live long enough to see another like this colt," he said in speaking of Cameron Forbes. The dam of this youngster is Alice Lewis 2:19¼, a daughter of Horace W. Wilson, second dam Miss Rita 2:08¾, by J. J. Audubon 2:19; third dam the dam of Bush 2:09½, etc. Another that is figured as a great youngster is Rose Forbes, a bay filly out of Esperita (the dam of 4) by Mendocino—second dam Sprite (dam of 5) by Belmont 64—third dam the famous brood mare, Waterwitch. Mr. Magowan considers this one the greatest filly of her age that has ever been consigned to a sale, and believes that if she falls into the right hands that she will make a futurity winner.

The colt, Archibald Forbes, out of Sunny Way 2:23½, by Bingen 2:06¼, second dam Nowaday (3) 2:14¼ (dam of Nowaday Girl 2:08¾, Nowaday Boy 2:08¾, Henry Todd (3) 2:10, etc.) is another of the tribe that is highly thought of by those who have seen him. Then there is the bay colt, Lord Dacre, out of Mendosa Worthy 2:17¾, by Axworthy 2:15½; Colonnde, a bay filly out of Eva Locanda, by Locanda 2:02, second dam the dam of U. Forbes (1) 2:21¼, and Emma Magowan (1) 2:22½, and ten others, all of which are classy looking youngsters.

* * *

John L. Snyder, proprietor of Park Farm, Springfield, Ohio, the home of that splendid sire, Binjolla 2:17¾, and the young trotting stallion, Ortolan Axworthy (3) 2:07½, attended the sale and made a couple of purchases, the two-year-old trotting filly, Ollie Man, out of the consignment of John W. Nash and Roberta M., a trotting mare by Tregantle 2:09¼, from the C. W. Spears consignment. Ollie Man is by The Northern Man 2:06½ and is out of Missula a daughter of Moko. This filly is eligible to practically all of the futurities and while she has had no training, shows a lot of step. Mr. Snyder reports that Binjolla and Ortolan Axworthy will have a big season and both stallions are drawing a high class lot of mares to their courts.

* * *

Harry Burgoyne, superintendent of Walnut Hall Farm, was kept busy during the week showing the farm stallions, Moko, Walnut Hall 2:08¼, San Francisco 2:07¾, Manrico (3) 2:07¼, and Native King (3) 2:11¾, as well as the large consignment of youngsters by these noted sires for the New York sale, to the many visitors that journeyed to the noted stock farm. The yearlings which will be shipped to Madison Square Garden for the sale next week are a grand lot but as the silver tongued orator, Col. George Bain, told all about them in his letter to James Tranter last week, I will not retell the story.

Nebraska Midway Racing Circuit.

Kearney, Neb., February 21.—Racing men of Nebraska accomplished the organization last week of a sterling combination in the Nebraska Midway Racing Circuit. With Beatrice eliminated, five good towns were left in the procession and with short ships and enthusiastic backers as factors in its favor, the new circuit apparently has excellent prospects for success.

The every-heat-a-race plan, which had been the bone of contention of a previous meeting, was adopted unanimously, and all other decisions concerning practical details were made amicably.

Benson will open the circuit June 8, 9 and 10, and will be followed by Nebraska City June 13, 14, 15; Auburn, June 20, 21, 22; Aurora, June 27, 28, 29, and Kearney, July 3, 4, 5. Uniform programs and conditions for all five race meetings were agreed upon as follows:

Trotting classes—three-year-old stake (2:25 class) $20 entrance, $100 added; 2:27, 2:22, 2:18 and 2:14, $400 each; two-year-old stake, $20 entrance, $100 added.

Pacing classes—three-year-old stake, (2:25 class), $20 entrance, $100 added; 2:25, 2:20, 2:15, 2:11 and free-for-all, $400 each.

According to the every-heat-a-race plan $125 will be divided at the end of each heat on the regular division of four moneys and $25 will be paid to the horses standing best by the point system at the end of the race. Entrance to the purse races will be 3 per cent. and 7 per cent. from money winners. For the stakes $5 becomes due when colts are named, April 1, $5 on May 1, and $10 the day of the race. Positions will be drawn for each heat.

J. F. McArdle, of Omaha, is the president of the circuit and H. B. Swalley, Nebraska City, circuit secretary.

Horses at Oakhurst Farm.

There are nine head jogging at Oakhurst Farm, Whitinsville, Mass., aside from the yearlings. The bunch includes Henry Todd (3) 2:10, Nowaday Girl 2:08½, Gretchen Wilkes 2:14½, Setzer Girl, a three-year-old own sister of Henry Todd, Nunsett, a three-year-old brown colt by Henry Setzer, dam The Nunne 2:24¼, and three highly promising two-year-olds. On February 12 Miss Nowaday 2:23½ foaled a fine filly by Henry Setzer. Two days later MacCory, by McDougall 2:10¼, produced a roan colt by the same sire, and a mare from Maine sent to the farm to be bred to Henry Setzer foaled a filly by Joe Dodge, the good son of Bingen. The coming season appears very promising for Henry Setzer, as bookings are being made with great frequency.

A yearling filly owned by George L. Gilland, Providence, R. I., in the training barn bears the distinction of being the only representative from her State in the Kentucky Futurity for foals of 1915. She is by Henry Setzer, dam Susie Wood 2:15¼, by Alliewood 2:09½—grandam Susie J. 2:06½, and has all the indications of a useful trotter. Whitinsville was one of the numerous New England towns to be under the heavy snow fall of last week and reports state that excellent sleighing is being enjoyed.

Peter McCormick in the Stud.

V. L. Shuler, the Indianapolis horseman, has decided to place the good trotting stallion, Peter McCormick 2:05½, in the stud at the Indiana State Fair grounds this season, and has already booked several good mares to the fast son of Peter the Great 2:07¼. Peter McCormick is one of the best sons of his sensational sire, and bad luck was all that kept him from taking a mark much faster than he now carries. He is a real bull dog trotter—one of the kind that will race all afternoon, and as he is a grand individual, possessing the very best of breeding, he should make a great sire. The few colts that he has sired are a grand lot and show up like coming trotters.

Peter McCormick is by Peter the Great 2:07¼, the greatest of all sires, that has produced 230 standard performers, including Peter Volo (4) 2:02, Peter Mac 2:03¼, Margaret Druien 2:03¼, Grace 2:04¾, and many other sensational performers. His dam is Pearl Cecil, by Cecil W., son of Gambetta Wilkes 2:19¼, sire of 235, including 24 2:10 performers.

Anyone interested in breeding to Peter McCormick can obtain further particulars by writing to V. L. Shuler, 1902 Talbott Ave., Indianapolis, Ind.

Horses and Horsemen

The breeding boom is assuredly on.

There has been some good racing on the snow path in Detroit.

So the stock of all fashionably bred youngsters goes up.

The pacing mare, Beth Clark 2:05¾, will be bred to Hal B. 2:04½.

There are rumors that another famous sire may change owners.

Cedar Valley Circuit meeting will be held in Des Moines, Iowa, March 4.

The record mares, Mary Gordon 2:09¾, and Yolanda 2:14¼, have been booked to Anvil 2:02¾.

The stable of F. G. Warden will be moved from Springfield, Ohio, to Des Moines, Iowa, in the spring.

The fair and races at Britt, Iowa, will be held August 29 to September 1. L. R. McMillian is secretary.

J. B. Quirk is back in harness at Urbana, Ill., both as local secretary and circuit secretary of the Eastern Illinois Grand Circuit.

There is talk that the early closing events of the July meeting at Toledo, Ohio, will be given on the three-heat plan. The system is gaining ground every day.

The pacing mare, May Bird 2:12¼, has been purchased by Charles Middagh, Miffin, Pa., from W. B. Biggs, Middletown, Del., the reported price being $1,200.

R. S. Clark, Edinburg, Pa., reports an extra good colt by Peter Watts 2:29¼, dam My Irene, by Colonel Strathmore 2:12¼—grandam Comet (dam of six in 2:30), etc.

John Arnold, who formerly trained at Clarksburg, W. Va., is now located at Butler, Pa., with seven head, including Marshall McKinney 2:20¼, and King Direct Jr. 2:24¼.

Goldie C. 2:07¼, by Wiltranby 2:06¾, was last week sold by John W. Rhodes, Greensburg, Ind., to Charles Hayes, Columbus, Ohio, and will enter the stable of Charles Valentine.

Charles Freishopper, Ft. Wayne, Ind., has sold the yearling filly, Beauty's Pledge, by The Pledge 2:26¼, out of Beautella 2:19¼ by Red Bell 2:11¼, to parties in northern Indiana.

Charles Moorehead, Kane, Pa., has purchased from Gibson and Moorehead, Butler, Pa., a weanling filly by Peter Watts 2:29¼, dam Norvalette 2:23¼, by Norval H., son of Norval 2:14¾.

A speed sale when trotters and pacers may be shown on the big oval, is one of the very likely possibilities for the State fair grounds at Indianapolis this spring. More particulars next week.

J. J. W. Morrow, New Castle, Pa., has sold the stallion, Justone 2:18¼, brother of Justo 2:08¼, and Alceste 2:07¼, to Pennsylvania parties, reserving Peter Watts 2:29¼ and Silent Brigade (2) 2:10¾ for stud duty.

The three-year-old filly by San Francisco, out of Bertha Clay 2:09¼, will be prepared and raced in her futurity engagements in 1916 by Harrie Jones, of Rushville, Ind. This filly is owned by A. Rouprich, of Louisiana.

Last week was a big one for the horsemen in Chicago. Meetings of the Great Western and Eastern Illinois Grand Circuit stewards and the American Association Congress drew many horsemen to the "Windy City."

The Mid-Winter Sale of the Fasig-Tipton Co., at New York is short of horses, a clear indication of the present situation. The firm has the quality, however, and is affording a great chance for buyers to pick good ones.

Leafy by Directly 2:03¼, dam Minnie P. 2:10¼, (dam of Minnie Directly 2:13¼, winner of ten races in 1915) has been bred to Peter Watts 2:29¼, the good young son of Peter the Great 2:07¼, owned by J. J. W. Morrow, New Castle, Pa.

The Anderson, Ind., Free Fair Association held a meeting February 10 and decided to hold the 1916 meeting August 30-September 2. It was voted to rebuild the track fence, also to construct new stalls and an art hall, at cost of $3,500.

Kitty Amar 2:17¼, the good trotting mare owned by Mayor Mellett, of Anderson, Ind., is wintering at the Moss track in that city and is reported to be in excellent shape. Charley C. 2:15¼, owned by C. A. Carpenter, of the same town, is being jogged every day and looks good, also.

Brutus (3) 2:29¼, the pony trotter owned by L. Nelson, Taylor, Tex., was one of the smallest trotters in training when he took his record in 1914, as he weighed only 670 pounds and stood 14¼ hands. He trotted a mile in 2:17, a half in 1:05 and a quarter in 31 seconds. Brutus is wintering nicely and good season appears to be ahead of him.

J. B. Chandler last week purchased for Midway Stock Farm, located at Kearney, Neb., the brood mare, Lolie McGregor, by Jay McGregor 2:07¼, dam Lois L. by Allen Lowe 2:12. The purchase was made from the well known breeder, W. W. Wright, Morristown, Ind. The mare will be bred to Bingen Silk (2) 2:08¾ and shipped to the farm.

Everett Osborn is nicely located at the Muncie, Ind., track with a stable of trotters and pacers. The record horses in the string are: John D. 2:04¼, Zula Maid 2:12¼, Ophelia 2:13, Susan Clegg 2:14¼, and Charles Review 2:18. The clever Hoosier reinsman has recovered nicely from the effects of his late operation and is heavier and stronger than at any time in late years.

A. J. Compton, Ft. Wayne, Ind., had the ill luck to lose the good brood mare, Mae Rhua by Red Bell 2:11¼, by death last week. This mare was the dam of Gold Seal 2:03¼ and others. She had a two-year-old colt by Searchlight 2:03¼, owned by Mr. Compton, that has shown considerable speed. The mare was in foal to The Pledge 2:26¼, the good son of The Exponent 2:11¾.

King Arlington 2:21¼, owned by F. A. Kincade, Fort Wayne, Ind., is in harness one of the most versatile of stallions, and at present his owner and family are using him for a family horse, as he can be driven by women with perfect safety. King Arlington is the sire of six in the list, all of his get which have been trained. Two of this number, Prince Arlington 2:08¼ and King B. Arlington 2:09¼, are in the 2:10 list.

Moore and Mayhall, of Edinburg, Ind., sold today through Charley Smith, the well known Franklin, Ind., trainer, their good mare, Olive R. by Charley Hayt 2:06¼, dam by Czar 2:12½, to M. J. Lane, of Elwood, Ind., for a patron of his in Pennsylvania. This mare trialed last year in 2:12, and as she is sound and only six years old, should be a bear-cat in the slow classes. She is a free-legged pacer and made the owners quite a nice profit.

At Warren, Ind.

A. C. McCord is jogging Jenny Haile 2:13¼ and Nellie Alcantara 2:16¼, both owned by Smethurst and McCord. They are taking their work very nicely and appear very promising for the coming season. Nellie Alcantara was started eleven times last year and was never out of the money, beginning the season a green mare and ending it with a record of 2:16¼. Jenny Haile was started fourteen times and finished inside the money eleven times.

John Blackwell is jogging Billy Gregory 2:11¾, a green pacer by Typical Direct 2:20, and another green pacer owned by E. P. Miller.

The good young pacing mare, Leola Todd (4) 2:17¼, owned by Dr. Bonifield, is taking her jog work regularly and her owner considers her an excellent chance for the pacing events to which she is eligible.

An own sister of Hazel B. 2:11¼, by Inline B. 2:14¼, will be worked by Jess Baker. Her name is Red Line, and she has the indications of a fast pacer.

William Bird, owner of Peck Direct 2:14¼, will train that horse this year. He is a fast pacer and will do to keep in mind.

George Swaim has three horses, also, which he will probably train. All of these horses will probably be trained here this season.

Good Stuff for Nashville Sale.

Some excellent material has been gathered for the Sixth annual Southern Breeders' Sale, to be held at Nashville, Tenn., March 15. A notable consignment is from Ewell Farm, this including a producing daughter of the renowned Brown Hal 2:12½, and colts from her, sired by Argot Hal 2:04¾. Others from the same farm are, an own brother to Nell Gentry 2:09¼; a filly by Twinkling Dan 2:06¼; Maxie Gentry (3) 2:15, and a colt from her sired by Argot Hal. D. S. Gordon, Columbia, Tenn., has consigned a mare by Al Stanley 2:08¾, that has shown very fast; a filly by Argot Hal, out of Susie McEwen 2:08¼; the dam of Susie Gentry; the dam of Sweet Myrtle 2:13¼, with her colt by The Abbe 2:04. Bronco 2:25¼, a good performer of 1915, has been consigned by his owner, Mr. B. Carmichael. This horse has been miles in 2:13, with fast fractions, and is considered an excellent prospect. There are numerous other good race prospects, and also some desirable saddle horses, including some closely related to show winners.

Montgomery a Candidate.

George N. Montgomery, well known real estate dealer, of Indianapolis, is a candidate on the Republican ticket, for the lower house of the legislature, from Marion county, and should have the hearty support of every horseman eligible to vote at the coming primary on March 7. He has for years supported the trotting horse industry and is today the owner of one of the best trotting bred stallions in the State, as well as several fashionably bred futurity colts, which he is having prepared for their future engagements. He is a broad guaged man who stand sfor right principles and a student of conditions who is thoroughly posted.

Cedar Valley Circuit Meeting.

The annual business meeting of the Cedar Valley Circuit will be held at the Savery Hotel, Des Moines, Iowa, on Saturday, March 4, at 1 o'clock, p. m. Trainers and owners are invited to attend, and the officials state they also would like to hear from all who have any ideas regarding the arrangement of classes for the organization.

At present the circuit appears certain to have several good members, with others undecided about joining. Owners and trainers attend and make known your desires.

Allen Farm Offerings.

A sample of the quality that is offered in the current Allen Farm Price List is the brown colt, Burr, foaled in April, 1914. The youngster was sired by Bingara 34707, dam Pavetta (dam of 6, also the remarkable pacer, Akar, trial 2:05½), by Pistachio 2:21¾, an own brother of Nutwood 2:18¾, and sire of the dams of Belvasia 2:06¼, Cochato (3) 2:11½, etc. This colt is an extremely good individual with fine style and last year showed an eighth in 17½ seconds, a 2:20 gait. Mr. Allen has listed this youngster at $500, a price which should move him quickly.

Hurst & Co. Change Location.

The well known Indianapolis concern of Hurst & Co., has moved into a handsome new home at the northwest corner of Pennsylvania and Georgia streets, where the entire building—four floors and a basement—is occupied by the enterprise. The change of location is indicative of the remarkable growth of the institution and the popularity that has been achieved by the methods of doing business adopted by Hurst & Co.

Board of Appeals Report.

(Continued from issue of February 9.)

No. 5774. T. B. Dempsey and F. V. Fowler. Detroit, Mich., and F. H. Colby, Romeo, Mich., vs. Mrs. Prime Wright, New Preston, Conn., and b m Nata Prime. Protested money and demand for eligibility, 2:18 trot. Sept. 10, 1915. The b m Nata Prime started and won first money in the 2:18 trot at the Michigan State Fair, Detroit, Sept. 10, 1915, said meeting being a member of the Michigan Short Ship Circuit. The mare was protested as being ineligible to compete in said 2:18 trot on the ground that said mare was not entitled, either under the rules of the A. T. A. or under the conditions of the Michigan Short Ship Circuit, to such allowances as would make her eligible. As in Case No. 5653 the performances of said mare and the conditions of the circuit for 1915 were thoroughly examined by the board and in addition the records of the A. T. A. for 1915, which show that said mare, Nata Prime, started in only one race over a track member of the Michigan Short Ship Circuit subsequent to the meeting at Detroit on July 6 and prior to the meeting at Detroit on Sept. 10.

Ordered, that the protest be sustained and the b m Nata Prime declared ineligible to compete in the 2:18 trot at Detroit, Mich., Sept. 10, 1915.

No. 5776. R. C. Lovering, Toledo, Ohio, vs. J. B. Jones, Chicago, and b m Caroline. Demand for eligibility and protested money, 2:28 trot, Toledo, Ohio, Sept. 7, 1915. On Sept. 7, 1915, the b m Caroline, entered by J. B. Jones, started and won first money in the 2:28 trot at Toledo. Protest against the eligibility of said mare was made on the ground that the official records of the meeting at Galesburg, Ill., Aug. 18, 1915, showed that the mare started and won most money in the 2:20 trot, winning the third heat in said race, time 2:16¼. In support of the application is filed official report of the meeting at Galesburg, showing the positions of said mare in the race as 4-7-1, the positions of the only other heat winner which finished the race being Robert E., 5-1-5, showing that the mare Caroline was awarded the most money in the race, and there are also filed conditions of said meeting, which provide: "All horses to race three heats unless distanced or disqualified, the horse winning the largest portion of the purse to be declared the winner." There is also filed the official program and advertisement of the meeting at Toledo, which shows that entries for the 2:28 class, in which the mare Caroline competed, closed on Aug. 31, records on and after Aug. 30 no bar. The program also shows that the meeting at Toledo was a member of the Michigan Short Ship Circuit, in which certain allowances might be claimed up to the limit of four seconds and no more. The defense has filed no evidence in opposition to the protest, leaving it to depend entirely on the official records, program, etc. It is very clear from the evidence presented that the b m Caroline obtained a winning record of 2:16¼, trotting, at Galesburg, Aug. 18, 1915, and hence could not be eligible under any allowance claimed to compete in the 2:28 trot at Toledo, entries for which did not close until Aug. 30. In further substantiation of the alleged winning record of the mare Caroline at Galesburg, Rule No. 49 of the A. T. provides that in races under the every-heat-a-race system the winner standing best in the final summary shall be adjudged the winner of the race.

Ordered, that the protest be sustained and the winnings of the b m Caroline in the 2:28 trot at Toledo, Sept. 7, 1915, be redistributed under the rules; also that the winning record of the b m Caroline at Galesburg, Aug. 18, 1915, be established as 2:16¼, trotting.

No. 5777—J. S. Crabtree, Paris, Ill., vs. S. S. Ruble, Logan, Ohio, and b m Morning Bell. Protested second money, 2:25 special trot, Paris, Ill., Sept. 1, 1915. At Paris, Ill., Sept. 1, 1915, the b m Morning Bell, entered and driven by S. S. Ruble, started out and won second money in the 2:25 trot. Protest against the eligibility of the mare was made by J. S. Crabtree on the ground that said mare had a winning record of 2:21½, made prior to Jan. 1, 1915, and hence was not eligible to compete in a 2:25 class. The records of the A. T. A. show that said mare, Morning Bell, made a winning record of 2:21½ at Springfield, Ohio, Aug. 21, 1913. This record is not disputed. In defense S. S. Ruble, driver and nominator of the mare, makes sworn statement that when entry of his mare was solicited to the regularly programmed 2:25 trot at Paris, he informed the parties taking entries that his mare was not eligible to a 2:25 trot, and was informed that they would "change the race to a special, or 2:21, trot"; that in response he told them that if they made such a race he would send several horses to Paris in charge of his second trainer, and they agreed. That subsequently he met the two gentlemen who were representing the member at Paris at the depot and they again agreed to make the change; that the next day he called the secretary at Paris, but the secretary not being there, they referred him to Mr. Wood as the gentleman who had charge of the speed ring, and he, Wood, said that was O. K. He also filed statement from the member at Paris, addressed to the Board of Appeals, as follows: "We have received a copy of a letter Mr S. S. Ruble, of Logan, Ohio, mailed to you. We wish to state to you that this letter states the facts. We reopened the 2:25 trot and made it a 2:25 special, so Mr. Ruble could start his mare. He never attempted to start her out of her class. W. B. Curtis, secretary, A. B. Woods, speed superintendent, Lloyd Arthur, assistant speed superintendent." The judges' book for the meeting at Paris shows that on Sept. 1, 1915, a race recorded as a Special 2:25 Trot took place for a purse of $300; that there were six entries for said race and four horses started, the mare Morning Bell winning second place and money. There is practically no dispute as to the facts. It is clearly shown that the b m Morning Bell, with an acknowledged winning record of 2:21½, started and won money in a 2:25 special race to which no promises or agreement could make her eligible under the rules.

Ordered, that the protest be sustained and winnings of said mare, Morning Bell, in the 2:25 pace at Paris, Ill., Sept. 1, 1915, be redistributed.

No. 5780—L. Downey and Fred Carlson, Wimbledon, N. D., vs. E. L. Pericol, Durand, Wis., and br g Jerry D. Appeal from decision of judges and protested first money, 2:25 trot or pace, Rice Lake, Wis., Sept. 15, 1915. On Sept. 15, 1915, at Rice Lake, the br g Jerry D., by Sidney Howard, started and won first money in the 2:25 trot or pace, said race being conducted under the old placing system, the positions of said br g Jerry D. being 3-2-5-1-1-1. An appeal was made from the decision of the judges of the race and winnings of the said horse protested, on the ground that Jerry D. was entered as a pacer and in the third heat trotted the greater part of the mile. Supported by affidavit of protestant that the br g Jerry D. performed at a trotting gait in the third heat of the race and should have been disqualified and the subsequent heats, which were won by the horse Jerry D., should be declared void and not considered as affecting the subsequent standing of other horses in the race; that the drivers of several horses in the race laid their horses up and that the judges failed to take any notice of the fact or to substitute drivers for said horses. Further, that the judges did not provide a flag and that none was used or several of the horses in the race would have been distanced; also that the judges originally declared the race ended at the close of the fifth heat, but subsequently ordered that a sixth heat be trotted between the horses Jerry D. and Baby Lou, and that he, the protestant, was not notified that said sixth heat would come off; that Jerry D. was sent away alone and after sundown. The defense files affidavit of E. L. Pericol, owner and driver of the br g Jerry D., denying all the statements made by protestant, especially stating that his horse did not trot in the third heat but went rough-gaited; that he did not interfere with any other horses in the race in any way or at any time; that no flag was asked for and the judges did not order one up and that all heats were raced before sundown. There is also filed affidavit of Frank C. Blaisdell, official starter of the race, and one of the judges, that if Jerry D. trotted any part of said heat he must have done it on the back stretch, where he could not distinguish the gait; that Jerry D. was pacing at all times within his view. Also affidavit of M. L. Burke and J. S. Crisler that the horse Jerry D. finished fifth in the third heat of the race and to the best of their knowledge and belief did not trot the greater part of the mile, as alleged in the protest; that no complaint was made to them at the close of the third heat. The grounds of protest, as stated in the judges' book, are only that the horse Jerry D., driven by E. L. Pericol, was allowed to trot in the third heat. The positions of the mare Baby Lou, as set forth in the summary, are 1-1-2-2-3, no horse starting for the sixth heat except Jerry D. The record is signed by the official starter, the judges, the timers and the clerk of the course; also shows that in said race L. Downey, driver of Baby Lou, was fined $25 for failure to drive for the sixth heat.

Ordered, that the protest be overruled and moneys paid in accordance with the official summary and decision of the judges of the race.

No. 5792—E. G. Bohanon, Lincoln, Neb., and bl h Timothy Hal vs. Galesburg District Fair Association, Galesburg, Ill. Protested collection. On Sept. 2, 1915, the member at Galesburg suspended E. G. Bohanon and bl h Timothy Hal for unpaid entrance in the 2:20 class. Payment was made under protest on the ground that said horse was entered by Al Russell without authority from his owner; that Russell double-entered him with one of his horses; that one-half of the amount due was charged to protestant's horse, but that the whole amount should have been charged to Al Russell. Defense files the original entry of the horse Timothy Hal with the member at Galesburg, which was made by Al Russell on the same blank with a number of other horses in his stable. It is not disputed that Al Russell was at the time trainer or driver in charge of the horse.

Ordered, that the protest be overruled and money paid to defendant.

No. 5793—J. I. Dompier, Edmonton, Alta., and bl m Senorita Great vs. Indiana State Board of Agriculture, Indianapolis, Ind. Protested collection. On Sept. 22, 1915, the member at Indianapolis suspended J. I. Dompier and the bl m Senorita Great for unpaid entrance in the 2:24 trot. The claim was paid under protest on the ground that no entry was made by protestant in the 2:24 thot for the meeting at Indianapolis; that he made entry in the 2:25 trot to the secretary at Indianapolis; that he shipped his horses, including said mare, to Des Moines, Iowa; that while racing at Des Moines, Iowa, he found that the 2:25 trot at Indianapolis was for three-year-olds and that he was not eligible to the 2:25 trot, as his mare was five years old; that he did not ship to Indianapolis, not being entered, and that he was not at any time entered in the 2:24 trot. Defense files the original entry, which shows the bl m Senorita Great entered in the 2:25 trot and gives age of said mare as five years also on the same blank enters Dean Swift in the 2:08 and free-for-all trot. There is no entry filed for the 2:24 trot. The secretary of the member at Indianapolis presented a statement which was read to the board, acknowledging that no entry was made of the horse Senorita Great for the 2:24 class at Indianapolis, but after receiving entry of said mare in the 2:25 class, which was exclusively for three-year-olds, he believed that a mistake had been made, hence placed said mare in the 2:24 class, which was the nearest class to which she was eligible; that he believed he was doing a favor to the nominator, as otherwise he might have found fault for not being placed in a class to which he was eligible after having made entry. The board held that in no case could the mare Senorita Great have been considered eligible to start in the 2:24 trot under the entry made, hence was not liable for entrance fees.

Ordered, that the protest be sustained and money returned to protestant.

No. 5797—George E. Hutton, Detroit, Mich., and C. M. Hardenberg, Detroit, Mich., vs. Robert Trench, Teeswater, Ontario, and b g Paddy R. Demand for identification, free-for-all pace, Charlotte, Mich., Oct. 1, 1915, and 2:14 pace, Saginaw, Mich., Oct. 6, 1915. During the meeting at Charlotte, Oct. 1, 1915, a demand was made for identification of the b g Paddy R., entered by Robert Trench, of Teeswater, Ontario, which started and won first money in the free-for-all pace. Subsequently the same demand was made at Saginaw, Mich., where said horse started on October 6 and won first money in the 2:14 pace. The demand for identification at Charlotte was made in writing, in compliance with the rules of the A. T. A.; also that at Saginaw, and in support of the last demand is filed affidavit of Dr. C. C. Mix, licensed starter of the A. T. A., that he watched closely the actions of the horse Paddy R.; that he did not believe he was a green horse, as he showed at least 2:10 speed, and that he examined his mouth and believes him to be eight years old; also that the actions of the owners of said horse were such as to lead him to believe that they were evading an identification. The defendant, Robert Trench, filed affidavits that the b g Paddy R. is sired by Corsodore, dam Minnie Smith, and is said to be five years old. Also declaration of Peter McLaren that he owned the b g Paddy R. and sold him to Philip Read; that said Paddy R. was named after he sold him and that he was a green pacer without a mark; that he purchased Paddy R. from A. Farnsworth and was then coming three years old and had been driven single only a few times; the horse never was on a race track while he owned him; that Paddy R. was four years old past when he let him go. Also declaration of Philip Read that he traded for and obtained possession of the b g Paddy R. in May, 1914; that he was then a green horse and had not been entered on any race track prior to his ownership; that he was entered in three races during the fall of 1914, said races being held on unprepared tracks in each case; that no time was called in any of the races and no special harness or equipment used; that he sold Paddy R. to Robert Trench on or about February, 1915, and was at that time a green pacer without a mark. Also declaration of A. W. Chittick, driver of the b g Paddy R., that he knows he is the same horse that was started and raced in the village of Teeswater on July 1 and Aug. 2, 1915, also that he is the same horse that raced in Saginaw and Charlotte, Mich., in October, 1915; that he was the driver of Paddy R. in both the Canadian and American races and that Paddy R. was practically a green horse when he started driving him. There is also furnished the original entries of said horse Paddy R. for the meetings at Charlotte and Saginaw, Mich., The defendant, Robert Trench, owner of the b g Paddy R., appeared before the board and testified under oath, substantiating the statements made as to purchase and ownership of said horse as set forth in the affidavits of Peter McLaren and Philip Read, also stating positively that the horse so purchased by him was the identical horse which was started at Charlotte, Mich., and Saginaw, Mich., under the name of Paddy R., and that the statements made by the driver, and substantiated in the telegram on file from Philip Read, are correct; also made statement of all the races in which said Paddy R. started during his ownership.

Ordered, that the identification of the b g Paddy R., being sufficient to comply with the rules of the American Trotting Association, said horse is declared eligible to compete in the race at Charlotte, Mich., Oct. 1, 1915, and Saginaw, Mich., Oct. 6, 1915, and that the winnings of said horse in said races be paid to his owner.

No. 5798. F. O. Reilly, Junction City, Kan., and b h Amorist vs. Green County Fair, Monroe, Wis. Protested collection. On September 18, 1915, the member at Monroe, Wis., suspended F. O. Reilly, of Junction City, Kan., and b h Amorist for unpaid entrance in the 2:30 trot and filed in support the original entry of said mare, made and signed by John Gray, agent, with instructions to make entries in the name of F. O. Reilly. The claim was paid under protest by F. O. Reilly on the grounds sworn to by John Gray, nominator and driver, that while he authorized the entry of the horse Amorist for the meeting at Monroe, Wis., he did it on the representation of the agent of said member, Arlie Frost, that no entrance fee would be charged; that he went to Monroe and prepared to start the horse in the 2:30 trot, but on demand being made for entrance fees stated that he had been promised that no entrance fee would be charged and that if it was he would not start his horse; that he then called on Arlie Frost, the agent above referred to, who was in the timers' stand, who stated that he had so promised him, but that the superintendent of speed, F. B. Luchsinger, had instructed them to collect entrance; that said Frost then went to Luchsinger and had a conversation with him, after which he returned and stated: "All right, start your horse"; that he did start him and that no request for credit was made and no promises made to Luchsinger or anyone else, either at Monroe, or later, that the money would be paid; that he did not state that he was unable to pay on account of failure of remittance to reach him and could not start unless credit was extended. He also files advertisement of the meeting at Monroe, Wis., headed as follows: "Last Free Entrance, Reopened at Monroe, Wis., September 7-11. Entries close September 1." Also giving a list of races which were reopened, among which is not included the 2:30 trot, but states immediately afterwards: "The Following Races Filled August 25, 2:30 Trot, Purse $500."

The defense files the entry above referred to; also affidavit of F. B. Luchsinger, that John Gray, the driver, informed him that his money had not arrived; that it would be absolutely impossible for him to start in the race unless credit was extended, and he promised that in case he was permitted to start the entrance would be paid within a very short time, and even after the race stated that if his money did not arrive in time so that he could pay before he left Monroe that he would surely pay the $25 entrance at Milwaukee the following week; that he has not received the money, nor has he heard anything further from John Gray; also that at the time entry was made no free entrance had been advertised or talked of in any race; that the subsequent advertisement referred to races which did not fill on the first date of closing and not to the 2:30 trot, which filled, as is shown by advertisement; that all parties whose races did fill were properly notified. Also files affidavit of Arlie Frost as follows: "John Gray gave me the entry of the horse Amorist at Galesburg, Ill. At Madison, Wis., I told Mr. Gray there would be no entrance in the classes that were reopened, but that the 2:30 trot, in which he was entered, had filled and would go for the original purse of $500. At Monroe on the day of the 2:30 trot I was in the timers' stand when Mr. Gray came to me and said that he understood that I said there would be no entrance in the 2:30 trot. I replied: 'You are mistaken, there were three classes that filled at the first closing date and entrance will be charged in those classes.' Mr. Gray said: 'I did not think I had any entrance to pay and have made no arrangement for the money,' and he wanted me to see if he could not start and pay his entrance when the money arrived, which would be that week or the next. I said I would ask superintendent Luchsinger about it, so got down out of the timers' stand and found Luchsinger and explained to him that Mr. Gray was out of money, but would have the money before the meeting was over, if not would pay it at Milwaukee the next week. It was under these conditions that Gray started his horse in the 2:30 trot, he knowing he was to pay $25 during the Milwaukee meeting if that amount was not paid before he left Monroe." The evidence, including the advertisement of the meeting, filed in support of the protest, shows very clearly that no promises were made or advertisement made of free entrance in the 2:30 trot; that the 2:30 trot duly came off and that on request of the driver and manager of the horse Amorist credit was extended under the rules.

Ordered, that the protest be overruled and money paid to defendant.

No. 5800. Elks' Daviess County Fair, Owensboro, Ky. Application for a ruling. This is an application for a ruling on construction of rules which have not been previously brought before the Board of Appeals. The application as follows: "A question has come up in regard to records made or bars incurred in the 2:30 pacing race which came off over our track on September 22, 1915, the facts, briefly stated, being as follows: Among other horses entered in this race was the b g J. P. T., whose positions in said race were 2-1-1-2-1, thereby winning the race under the summary. Before the final decision of the judges was made or any moneys paid in accordance with this summary it was found that the horse J. P. T. was not eligible to start in said race on account of previous record, and the owner, on learning of the ineligibility of his horse, immediately disclaimed any right to the money and withdrew, and the race was then awarded, under the point system, to the s m Crystal B., whose positions in the race were 1-3-5-3-2, and the fourth money to the horse Kentucky Boy, whose positions were 4-5-2-7-7. The question then arose whether the horse J. P. T., which won the second, third and fifth heats, time 2:22¼, 2:23¾ and 2:23¼, obtained a win-race record of the best time made, or whether, having been disqualified, withdrawn from the race and no money paid to him, he was to be considered as entirely out of the race, and as though he had never started and hence no record or bar incurred? The question also comes up, Does the mare Crystal B., which was finally decided as winner of the race under the summary and entitled to and paid first money, obtain a win-race record of the time made by said mare in the first heat of the race, which was won by her, time 2:21¼? There is no dispute as to the facts. It is clearly established that the horse J. P. T. was ineligible and also shown that there was no intent to start the horse out of class, but that starting him in the race was a misapprehension as to the terms and conditions of the meeting and consequently his eligibility. We are informed that this question has never come up before the Board of Appeals, and hence desire a ruling from your board as to whether this horse J. P. T., or any other horse which has started and won a race and afterwards been found or declared ineligible and no money paid, obtained a win-race record, and, further, whether in such case the horse which is, on account of said ineligibility, awarded first money in the race, obtains a win-race record of the fastest heat won by said horse?"

The board held that under the provisions of Rule No. 179, reading, "The two leading horses shall be separately timed and if the heat is awarded to either, its time only shall be announced and be a record or bar as the case may be; and if the winning horse shall afterwards be ruled out of the race for fraud or ineligibility it shall retain the record or bar acquired by the time so announced," the horse J. P. T. obtained a win record of 2:22¼, the time of the fastest heat won by him, irrespective of the fact that he was after the race found ineligible to compete and did not receive any money. Also held that the mare Crystal B., being declared winner of the race and receiving first money, also obtained a win-race record of 2:21¼, the time of the fastest heat won by said mare, and

Ordered, that this decision will govern in future cases of this kind over tracks members of the American Trotting Association.

No. 5807. George K. Hines, Detroit, Mich., and Charles Ashley, Detroit, Mich., and g g Local Option vs. Saginaw Fair and Racing Association, Saginaw, Mich. Appeal from decision of judges, 2:10 pace, Saginaw, Mich., October 8, 1915. The official report of the 2:10 pacing race at Saginaw, Mich., October 7, 1915, showed that the g g Local Option was distanced in the fifth heat of the race and did not start in the sixth. Appeal is made on the ground that the flagman said Local Option was inside the flag. Supported by affidavit of W. B. Crosby and W. Herzog, the protest being made and signed by Charles Ashley, of Detroit, Mich; also supported by affidavits of Daniel Sullivan and John Elliott, that they were present at Saginaw, Mich., during the 2:10 pacing race; that after the conclusion of the fifth heat they distinctly heard the flagman inform the judges that all horses were inside the flag; that subsequently the judges declared and announced the horse Local Option distanced. Also affidavits of Albert Ross and John Hanley that they were present during the 2:10 pace at Saginaw, Mich., and were in a position very near the distance stand at the end of the fifth heat, and that they knew that the horse Local Option did not finish outside the flag; that they heard the flagman announce to the judges at the close of the fifth heat that all horses were inside the flag. Also by affidavit of George Hines, that he was present, about midway between the judges' stand and distance stand; that he knows the horse Local Option did not finish outside the flag in any heat of the race; that he heard the distance judge declare that all horses were inside the flag in the fifth heat. Also by affidavit of Charles Ashley, nominator and driver of the horse Local Option in the race, that his horse was not distanced in any heat of the race; that the nearest he came to being distanced was in the third heat, when he finished from one-half to three-quarters of a length in front of the flag; that he heard the flagman make the announcement at the close of the fifth heat that all horses were inside; that he immediately gave notice of appeal from the decision of the judges.

Defense files the official report, the judges' book showing the g g Local Option distanced at the conclusion of the fifth heat in the race; that the race was conducted under the old placing system and that protest was filed against the decision distancing the horse Local Option. Also files affidavit of Dr. C. C. Mix, official starter: "That in the heat in question it was plain that the horse Local Option would be distanced and the judges were very certain that he finished behind the flag; but the flagman was dilatory in dropping his flag and came to the stand and reported the horse in. From the fact that he had before cautioned the flagman for the same tactics in another race, the judges and the secretary deemed it proper to remove said flagman from the position; that he considered the horse distanced by quite a margin." Also by affidavit of George M. Humphrey, one of the judges, that the fifth heat was postponed from the day previous; that in said fifth heat it became evident to the judges of the race that some of the horses were failing fast and they probably would be distanced; that after consultation with the starting judge he (Humphrey) agreed to watch the distance flag and see if any of the horses finished behind it, the other judges watching the finish; that he watched very carefully, and when the starting judge dropped his flag it was very clear that the horse Local Option was some distance behind the flag. Also by affidavit of Thomas Nickel, that he, as one of the judges, was satisfied that the horse Local Option was behind the flag when the starter dropped his flag at the conclusion of the heat. Also affidavit of James S. Cornell, that he was one of the judges of the race in which the horse Local Option started; that in the fifth heat Local Option was distanced and finished behind the flag, to his knowledge, by at least two or three rods; that all three judges, therefore, agreed that the horse should be distanced, and they did so. It is evident that the judges of the race declared the horse Local Option distanced at the end of the fifth heat with full knowledge of the facts and from their own personal and special observations.

Ordered, that the appeal be dismissed and the moneys paid in accordance with the summary and decision of the judges of the race.

No. 5808. L. C. Stuckman, Nappanee, Ind., vs. S. A. Russ, South Bend, Ind., George W. Mosher, Angola, Ind., and br h Victor Blue. Demand for eligibility, 2:22 pace, September 29, 1915, Hillsdale, Mich. On September 29, 1915, the br h Victor Blue started and won first money in the 2:22 pace at Hillsdale, Mich. Protest against the eligibility of said horse, on account of previous record, was filed by L. C. Stuckman, of Nappanee, Ind., on the ground that said horse had obtained a record of 2:15¼ at Goshen, Ind., in 1912.

In answer to the protest the owner, S. A. Russ, submitted a statement, showing in detail the best winning record of his horse and his performances since said winning record was obtained; also submitted the original entry, showing that in making said entry he had claimed an allowance of four seconds. The statement has been verified by the records of the A. T. A. and shows as follows: The br h Victor Blue obtained a winning record of 2:18¼, pacing, at Goshen, Ind., September 15, 1910, over a half-mile track, said horse started in 1911 at Rochester, Ind., Cassopolis, Mich., and Benton Harbor, Mich., winning no race nor equaling or reducing his record. In 1912 said horse started at Goshen, Ind., reducing his record in a non-winning performance to 2:15½, pacing; also started at Cassopolis, Mich., and Bremen, Ind., neither winning a race nor equaling or reducing his record. In 1913 started at Hicksville, Ohio, neither winning a race nor reducing his record. In 1914 started at Kendallville, Ind., Angola, Ind. and Hillsdale, Mich., at neither place either winning a race or equaling or reducing his record. These performances, under the rules of the A. T. A., entitled said horse to an allowance of one second for 1911, one second for 1913 and one second for 1914, thus making him eligible to the 2:22 pacing class, irrespective of any performances in 1915, and the affidavit of his owner and the records as far as compiled by the A. T. A. do not show that the horse obtained a winning record during the year 1915 prior to his performance at Hillsdale, Mich.

Ordered, that the eligibility of the br h Victor Blue to compete in the 2:22 pace at Hillsdale, Mich., is established and that his winnings in said race be paid over to his owner.

No. 5809. H. F. Mier, Aledo, Ill., vs. Charles Robins, Malvern, Iowa, and b m Hallie Graham. Demand for eligibility, 2:30 trot, Quincy, Ill., September 22, 1915. The b m Hallie Graham started and won money in the 2:30 trot at Quincy, Ill., September 22, 1915. Protest against the eligibility of said mare to compete and win money in said race was made on the ground that said mare Hallie Graham had a winning record of 2:23¾, made at Jefferson, Iowa, in 1914. Protest duly subscribed and sworn to.

In answer, defendant, Charles Robins, filed sworn statement that he had written for information concerning the eligibility of his mare to the office of the A. T. A. and received answer that so far as then known she was eligible; also that his mare did not win first place or money in the race at Jefferson, Iowa, although she was placed at the top of the summary. Investigation showed that at the time of the inquiry referred to no report of the race at Jefferson, Iowa, had been received in the office of the A. T. A. Demand was made on the secretary at Jefferson, Iowa, now a member of the A. T. A., for a certified copy of the race referred to and also under what system the race was conducted. In response the secretary has filed a certified statement over his signature as secretary showing that on June 23, 1914, at Jefferson, Iowa, a race took place under the every-heat-a-race system for a purse of $400; that the summary of said race was as follows:

Mamie Amerigo	4	5	2
Hallie Graham	6	2	1
Conroy Blake	2	6	3
Cora B. Custer	7	4	6
Zebuer	1	3	5
David Look	3	1	4
Sonya Togo	5	7	7

The time of the third heat won by the mare Hallie Graham is 2:23¾. This statement shows that under Rules 49 and 158 of the A. T. A. the mare Hallie Graham must be considered as winner of said race and hence credited with a winning race record of 2:23¾.

Ordered, that the protest be sustained, the retained winnings of the mare Hallie Graham in the 2:30 trot at Quincy, Ill., September 22, 1915, be redistributed under the rules and the record of said b m Hallie Graham at Jefferson, Iowa, June 23, 1914, be established as 2:23¾.

No. 5810. Guy C. Waufle, Janesville, Wis., and b m Miss Logan II vs. Wisconsin State Board of Agriculture, Milwaukee, Wis. Protested collection. On October 1, 1915, the Wisconsin State Board of Agriculture ordered suspension of Guy C. Waufle, of Janesville, Wis., and b m Miss Logan II for unpaid entrance in their 2:25 pace and filed therewith the original entry. The entry was made by Al Russell as agent, and gave the name of Guy Waufle, of Janesville, Wis., as owner, said entry being postmarked Nebraska City, Neb., June 15, 12 o'clock m., the date of closing entries being June 14. Payment was made under protest on the ground that protestant has owned the mare Miss Logan II for three years past and employed different trainers and drivers to take charge of her; that during the year 1915, up to about August 15, Al Russell had charge of the mare and notified him that he had made a number of entries at different places and that in several instances he found this statement to be false; that he had no knowledge of the entry of the mare in the races at Milwaukee until he received notice from the office of the A. T. A.; that he paid his claim under protest because he did not believe he should be held on account of the misrepresentations, etc., of his driver and trainer, Al Russell.

The entry filed by the defendant and the acknowledgment of protestant shows that the entry was made by Al Russell, then in charge and control of the mare as trainer and driver, and the records of the meeting at Milwaukee, Wis., show that the mare was entered, did not start and that no entrance fee was paid.

Ordered, that the protest be overruled and money paid to defendant.

No. 5811 The American Trotting Association, Chicago, Ill., vs. George Vogle, Solon Mills, Ill., and b h Lord Donna. Demand for return of illegal winnings under Rule 61 and citation to appear. Immediately after the meeting at Belvidere, Ill., September, 1915, information was given to the secretary of A. T. A. that the b h Lord Donna, entered and owned by George Vogel, of Solon Mills, Ill., had been started in the 2:25 race in hopples, said horse Lord Donna being a three-year-old. The official score card and report of the meeting at Belvidere, Ill., made by Starter M. O. Bacon, of Oregon, Ill., also showed that said horse started in hopples.

The defendant was notified of this matter and that a case would be brought up before the Board of Appeals. No answer has been returned by him or any denial of the charge made. The records show that the b g Lord Donna was, on the date of the 2:25 pace at Belvidere, Ill., September 1, 1915, a three-year-old under the rules.

The board held that Rule No. 61 of the A. T. A., forbidding the use of hopples in any race on horses three years old and under, is mandatory and can not be waived or set aside, and

Ordered, that George Vogel, Solon Mills, Ill., and b h Lord Donna be fined $100.

No. 5812. The American Trotting Association, Chicago, Ill., vs. Al Schroeder, Fond du Lac, Wis., and b h Sheriff Peter. Demand for return of illegal winnings under Rule No. 61, and citation to appear. On September 24, 1915, the b h Sheriff Peter, by Peter the Great, started in the three-year-old pace at Fond du Lac, Wis., winning second place and money, said horse being owned, entered and driven by Al Schroeder, of Fond du Lac, Wis. Complaint was made to the secretary of the A. T. A. that said horse Sheriff Peter had started and performed in hopples contrary to Rule No. 61 of the A. T. A. Demand for information and return of winnings was made on said Al Schroeder, who responded by acknowledging that his colt Sheriff Peter did start in hopples in the three-year-race at Fond du Lac, but that he started with the understanding that the conditions of the meeting at Fond du Lac allowed horses to start in hopples, regardless of age; that he started without intention of violating any rules, but simply to aid in getting up a good colt race, and that this was the only race in which his horse started. Held, as in Case No. 5811, that Rule 61 is mandatory, and

Ordered, that Al Schroeder, Fond du Lac, Wis., and b h Sheriff Peter be fined $100.

No. 5814. Phil Simpkins, Oran, Mo., vs. C. B. Stratton, Mounds, Ill., and b m Wanda May. Demand for eligibility, 2:25 pace, Cape Girardeau, Mo., September 29, 1915. On September 29, 1915, the b m Wanda May, entered and owned by C. E. Stratton, of Mounds, Ill., started and won first money in the 2:25 pace at Cape Girardeau, Mo. The winnings were protested on the grounds that said mare had obtained a winning record of 2:21 at Murphysboro, Ill. Supported by affidavit of protestant and account of the race at Murphysboro, Ill., taken from the Horse Review of September 29, 1915, showing that the mare Wanda May started at Murphysboro, Ill., in the 2:45 pacing class on September 6, 1915, for a purse of $150, winning the last three heats of the race, the time of said heats being given as 2:21½, 2:21 and 2:27; also shows that on September 8, said mare won the 2:20 pace, best time 2:22¼. No official report of the race at Murphysboro, Ill., above referred to, having been received by the A. T. A., demand was made for further information in regard to said race, and in response was filed a certified statement of the races referred to, showing that the best time in said races of the b m Wanda May was 2:24½, the statement giving full details of said races with the names of the judges, timers, etc.

Ordered, that the protest be dismissed and the member at Cape Girardeau ordered to pay the winnings of the mare Wanda May in the 2:25 pace, September 29, 1915, to her owner.

No. 5815. D. B. Jones & Clark, Muskegon, Mich., vs. John Mohl, Grand Rapids, Mich., and bl g Pat Kelly. Protested second money, 2:25 trot, Berlin, Mich., October 1, 1915. In the 2:25 trot at Berlin, Mich., October 1, 1915, the bl g Pat Kelly, owned by John Mohl, started and won second money. These winnings were protested by D. B. Jones and Clark on the ground that said bl g Pat Kelly was not driven in said race hitched to such a vehicle as is provided by Rule No. 81 of the A. T. A.; that he was driven to a cart instead of a regulation sulky.

In answer to the protest is filed the affidavit of John Mohl that said horse Pat Kelly was not driven to a cart as alleged in the protest. He files affidavit of B. E. Vanderlip, driver, that on October 1 he drove the horse Pat Kelly in the 2:25 trot at Berlin, Mich., and he drove said horse to a long-shaft Payne sulky. There is no dispute as to the facts. Rule 81 of the A. T. A. provides: "When a race is made to go 'in harness' it shall be construed to mean that the performance shall be to a sulky." In Case No. 3466, tried by the Board of Appeals at its December meeting, 1906, the board ruled that they would adhere to the decision of the board in Case No. 403, meeting May, 1892, decision of the board in Case No. 403, meeting May, 1892, decision of the board in Case No. 403, meeting May, 1892, "that a sulky under our rules is such a vehicle as is in general use for light harness races and generally known as a sulky among persons engaged in this occupation; that in our judgment the vehicle used (which was a Payne long-shaft sulky) is not of this character."

Ordered, that the protest be sustained and the winnings of the bl g Pat Kelly in the 2:25 trot at Berlin, Mich., October 1, 1915, be redistributed under the rules.

No. 5817. W. W. Fleming, Jr., Winnipeg, Manitoba, vs. Dominion Exposition, Victoria, British Columbia. Application for an order. On March 16, 1914, the British Columbia Agricultural Association, of Victoria, B. C., made application for membership in the A. T. A. for their meeting advertised to take place September 21-26, under the title of the Dominion Exposition. The application was accepted and the association duly placed on the roll of members. Subsequently, on August 25, 1915, the said meeting was declared off, the official statement of the secretary being, "The fair and races have been canceled on account of the war." This case is an application of W. W. Fleming, Jr., of Winnipeg, Man., for return of moneys paid by him as entrance fees in the races advertised by said member, which were subsequently declared off, to the amount of $110, said entrance fees being paid as entries on Princewood, in 2:09 pace, 2 per cent., $30; Creosote, in 2:24 trot, 1 per cent., $20; Dropic Dawn, in 2:18 trot, 2 per cent., $40; Creosote, in 2:18 trot, 1 per cent., $20; and is accompanied by affidavit that the amounts so paid have never been returned; also by the receipt issued by the member at Victoria, B. C., on May 15, 1914; also by the official list of early closing events issued by the member prior to the date of declaring off.

The member at Victoria, B. C., was notified and responded through its secretary by stating that Mr. Fleming withdrew all his entries before the second payment was due; that they were also notified by the circuit secretary that his entries had been drawn from all points in the circuit; that as the meeting in Victoria was not declared off until some time after the second payments were due they considered that he had no claim for a refund, as he could not have paid any more whether the meeting would have been held or not. The board held that under the rules of the A. T. A. a member declaring off its meeting was not entitled to retain any money paid into it for entrance fees or forfeits, and

Ordered, that the Dominion Exposition, of Victoria, B. C., be ordered to return to W. W. Fleming, Jr., the amount paid in by him as entrance or forfeits, amounting to $110.

No. 5819. Ed Ward, Timberlake, S. D., vs. Walker McCord, Selby, S. D., and bl m, Marie Rex. Protested third money, 3:00 trot or pace, Selby, S. D., September 24, 1915. At Selby, S. D., on September 24, 1915, the bl m Marie Rex, owned by Walker McCord, of Selby, S. D., competed and won third money in the 3:00 trot or pace, said mare being a three-year-old. It is acknowledged that said mare performed in hopples in violation of the rules of the A. T. A. The owner of the mare and the member at Selby were duly notified and a demand for return of the winnings made.

In response the member stated that there was no intentional violation of the rules, but was an oversight or want of attention, and that no winnings had been asked for or received by the owner of the mare Marie Rex; that the owner had refused to accept the winnings, which were sent in and placed in the trust fund of the A. T. A. for redistribution. As in Case No. 5811, held that Rule 61 is mandatory, and

Ordered, that Walker McCord, Selby, S. D., and bl m Marie Rex be fined $100 and that the winnings of said mare at Selby, S. D., September 24, 1915, be redistributed under the rules.

No. 5821. T. J. Kinge, Irene, S. D., vs. Campbell Fair Association, Campbell, Mo.; Clay County Fair Association, Piggott, Ark. Application for an order. This is an application for an order on the member at Campbell, Mo., and Piggott, Ark., to return to applicant the sum of $25 each, paid to them as entrance fees of the horse Tom King in the 2:11 stake for their meetings of 1915. The evidence in this case, in connection with that filed in Case 5822, clearly shows that the said 2:11 stake was declared off, reopened and that no entry was made by the applicant in the reopened class; that $25 was paid to the members at Campbell, Mo., and Piggott, Ark., demand made for return of same, which has been refused or neglected; also shows that demand made on other members of the circuit has been complied with. Both members have been notified of the application and no response made.

Ordered, that the Campbell Fair Association, of Campbell, Mo., and the Clay County Fair Association, of Piggott, Ark., be ordered to return to T. J. King, of Irene, S. D., the sum of $25 each, and unless such demand is complied with within thirty days from date of this order, said members, track and officers be suspended until the demand is complied with.

No. 5822. D. Clark Thomas, Knox county, Missouri, vs. Campbell Fair Association, Campbell, Mo., and Clay County Fair Association, Piggott, Ark. Application for an order. This is an application for an order on the members of the A. T. A. at Campbell, Mo., and Piggott, Ark., to return to applicant the sum of $50, or $25 each, the same having been paid as entrance fee of the horse Roy T. in the 2:14 trot, said moneys having been paid for the original date of closing, said race having been reopened and no entry made in the reopened class. Supported by letter of circuit secretary, dated August 14, 1915, showing that said race was reopened until September 1, also statement of applicant that he demanded from the secretaries at Campbell and Kennett, Mo., and Piggott and Paragould, Ark., return of entrance money paid, and that if he desired to re-enter later he would do so. Also by certified copy of demands made on the members at Piggott and Campbell, which were sent by registered mail, and receipts for the same. Also letters from the secretaries at Paragould and Kennett returning the entrance moneys paid to them.

The members at Campbell, Mo., and Piggott, Ark., have both been notified of the application, statements made therein and evidence filed. No response has been received.

Ordered, that the Campbell Fair Association, of Campbell, Mo., and the Clay County Fair Association, of Piggott, Ark., be ordered to return to D. Clark Thomas, of Knox City, Mo., the sum of $25 each and that unless such demand is complied with within thirty days from date of this order, said members, their track and officers be suspended until the demand is complied with.

No. 5825. The American Trotting Association, Chicago, Ill., vs. F. O. Ceideburg, Hutchinson, Kan. Demand for return of illegal winnings and citation to appear. On or about June 30, 1915, F. O. Ceideburg, of Hutchinson, Kan., who was suspended for a considerable amount of unpaid entrance fees, made application to the secretary of the A. T. A. for a permit to compete under the provisions of Rule No. 45, and said permit was granted with the distinct and positive understanding that no new suspensions should be placed in force against said Ceideburg or his horses. Later, namely, between said date and September 1, 1915, it was found that not only were a considerable amount of new suspensions issued against said Ceideburg and horses entered or driven by him, but that he had been allowed to start in races over tracks of members on account of entrance fees paid by checks, which were afterwards protested and unpaid, and he was notified that said permit was cancelled. On receiving such notice he appeared in the office of the A. T. A. and promised the secretary that these protested checks would be immediately taken up and that he would not incur any further obligations for unpaid entrance fees. On this representation, and believing that the promises would be carried out, a new permit was issued to F. O. Ceideburg on September 15, 1915. Within

a very short time new suspensions for unpaid entrance were put in force by order of members and at several places notices were sent in that other checks issued by said Ceideburg in payment of entrance fees, as well as for money advanced, were returned dishonored and unpaid. Said Ceideburg was immediately notified and members of the A. T. A. also notified not to accept any checks from said Ceideburg in payment of claims sent out on account of suspensions, and if they did accept checks for entrance fees they did so at their own risk. Notifications of these unpaid checks continued to arrive, and on November 2, 1915, the second permit was cancelled and said Ceideburg cited to appear at the present meeting of the Board of Appeals and show cause, if any, why he should not be penalized. No response has been made, nor have the dishonored checks been taken up or any of the suspensions for unpaid entrance fees paid, except amounts received on the percentage plan on the permits issued. The total amount of suspensions against Ceideburg and horses owned, entered or controlled by him now amount, with penalty and interest, to about $400.

Ordered, that F. O. Ceideburg, of Hutchinson, Kan., be expelled.

The following cases were continued to the meeting of the board, May, 1916:

No. 5637. The American Trotting Association, Chicago, Ill., vs. Ed Weinrich, Geneseo, Ill., C. E. Weinrich, Geneseo, Ill., H. C. Weinrich, Geneso, Ill. Citation to appear as per order in Case No. 5627.

No. 5827. W. M. Igou, Eustis, Fla., and b g Deanwood, alias Tom Riley. Application for an order.

The board appointed, under the provisions of Rule No. 117, to administer the funds for disabled drivers, rendered report as follows:

December 7, 1915.

To the Board of Appeals American Trotting Association.

Gentlemen: Your committee to which has been referred the appeals for assistance from dependent drivers would respectfully recommend that the sum of $150 be awarded each of the following applicants: Frank Reynolds, of Burlington, Iowa, and Charles Wheeler, of Carrollton, Ill., as we consider that both these cases are especially deserving. We would further recommend that the sum of $25 be awarded to John Atkinson, of Memphis, Mo. The claim of Frank Shackett, of Toronto, Canada, is unsupported by physician's statement, and therefore has not been acted upon. We would recommend that the remainder of the fund be retained and distributed by the president as provided in the rules.

DICK McMAHON,
WALTER PALMER,
Committee.

It was ordered that the report be approved and warrants ordered drawn for the sums recommended. No further business appearing the board adjourned.

W. H. KNIGHT,
Chicago, Ill., December 7, 1915. Secretary.

At the meeting of the Auxiliary Board of Appeals for Western Canada, held at Edmonton, Alberta, on November 16, 1915, the following cases were disposed of:

No. 5791. Joseph Huber, Bozeman, Mont., and horses vs. Western Agricultural and Arts Association, Brandon, Manitoba, and Saskatoon Industrial Exhibition Association, Saskatoon, Saskatchewan. Protested collection.

Ordered, that the protest be overruled and moneys paid to defendant members.

The above case was certified to the secretary of the A. T. A. on December 7, 1915, by W. J. Stark, secretary of the Auxiliary Board of Appeals.

New Era for the Ordinary Colt.

Editor Western Horseman:

We have been claiming for years that "This is the day of the colt trotter," largely because of the possible earning capacity of a colt of futurity calibre. But in actuality the era of the colt trotter is just dawning.

So intense is the interest now shown in the development of colts, so many the men who are transferring their affections from aged race horses to the youngsters, that race track managers, both of half-mile and mile tracks, are at last forced to realize that the only solution of the problem which has confronted many of them in the past, viz., a shortage of horses, small fields and their inability to fill a complete and satisfactory program, lies in giving more colt races. The season of 1916 will see more races for two and three-year-olds, on both major and minor tracks, than ever before. By 1917 the colt trotter, and not the futurity colt trotter alone, will have come into his own.

At the meeting of the Grand Circuit stewards at Cleveland last month the writer made a plea for more colt races, suggesting a series of classified races, three or more each week for two-year-olds and the same number for three-year-olds, at each meeting on the circuit. He pointed out that we must have races for our colts that, while unable to compete with a Volga or a Mary Putney, can trot in 2:10, in 2:12, in 2:15 and 2:20. While the matter was laid on the table and no official action taken, every member of the circuit was intensely interested in the proposition. There is no question but that action will be taken by individual associations, if not by the Grand Circuit as a body, in time to see some feasible plan evolved for 1917.

Races for youngsters not of futurity calibre are bound to come. The day when colts of the capacity named must be cast into the discard or else trained year after year with the hope of making aged trotters, has passed. This is an age when men demand quick action, when life, to many, is too short to wait the interminable time between the foaling of the colt and the day when an aged stake trotter is ready for a campaign. When race track managers furnish that opportunity for "quick action" by taking care of the colts and giving men a chance to race youngsters, that, while developed with futurities in view, fall short of that exalted stage, just that much sooner will we draw new blood into the business and, better yet, retain the old. And the writer is glad to be able to say that race track managers realize this and the matter is being given the earnest consideration of the brightest minds interested in the future of the industry. The day of the colt trotter is just dawning!

This is written mainly to encourage the man who, interested in the development of youngsters, feels his chances of obtaining a futurity youngster so very small, and having, heretofore, so few places to race anything not of futurity calibre, did not deem it worth while trying. For to that man we can now say that the day has come when racing associations realize they must take care of him. But it is also written to encourage that man and his friends to attend the mid-winter auction next week and prepare for the coming day of the colt trotter, for we will sell some 150 or more of the greatest colts in the land. The man who can pick the Mary Putneys and Volgas from the lot can reap a fortune, but thanks to the new era of colt trotting, it is not necessary to pick a futurity winner to make a paying investment.

The writer regrets that the above paragraph turns this article into a "sale reader" and that it may find its way into the waste basket or be set in "five point" and placed in an inconspicuous part of the paper. But as he receives but ten cents of each dollar (less expenses) and the breeder gets ninety cents (less a whole lot more expense) and the turf papers live primarily to help the breeders, he hopes, Mr. Editor, this article will be placed on the editorial page, where everyone can read as they run—to the mid-winter. For it contains a message that should be of good cheer to everyone interested in the trotting horse.

The Fairland Consignment.

Chicago Horse Sale Co., Chicago, Ill.

Gentlemen:—I am writing you in regard to the Fairland Farm colts that I am getting ready for your March sale—there are sixteen colts in this lot. I have made a business for the last fifteen years of getting colts ready to go to sales and have sent several of the very best that have been produced, but this lot is the best that I have ever sent. They are all good-gaited and several of them can trot as fast as colts trot. You remember the yearling, J. B. Marque, by Kentucky Marque, out of Tregantle Girl, by Tregantle. I have never seen a colt of his age in all the stakes and I predict for him a great future. The yearling, Cochato Watts, by General Watts, dam Ruth Princess, by Cochato, is as much like General Watts, both in conformation and gait, as any colt he ever sired and when it comes to speed he is there with the goods. Another great colt in the bunch is the yearling, Native Worthy, by The Native, dam May Ax, by Axworthy. He is a grand individual, good-gaited and can step very fast. The two-year-old, Mongel, by Moko, dam Vicon, by Vice Commodore, second dam that great mare, Silicon 2:13½, is a whirlwind. He is one of the best individuals you ever looked at, and his gait is perfect. When it comes to trot he is there with the goods. If speed is what the buyers at your sale want, the Fairland colts have it.

I write you this so that you will know I am expecting to be at the sale with all the sixteen colts that are catalogued. Yours truly,

(Signed) STANLEY WHITE.

Fairland Farm, Lexington, Ky.

Vice Commander's Speed.

They say that Vice Commander 2:29¼, the good son of Vice Commodore 2:11, owned by Willis Norris, Salamonia, Ind., is very much faster than his record, and so he will be given a chance to take a reduction after his stud season of 1916 is ended. This young stallion is elegantly bred, as his dam is from the great family of Wilkes Boy 2:24½, the producer of the dams of twelve in the 2:10 list, including such notable race performers as Spanish Queen 2:04¼, Lizzie Brown 2:05¾, etc. That Vice Commander will sire speed is practically a foregone conclusion. The oldest of his colts trialed in 2:28½ at three years. The fee of Vice Commander will be $30 for the present season, with return privilege. Address the owner, as above, for bookings.

A Candidate of Strength.

John O. Spahr, well known attorney of Indianapolis, is a candidate for State Senator at the Republican Primary, March 7. He was born in Marion county, and stands for the best of principles throughout.

His candidacy should appeal particularly to horsemen as he has been a breeder of Standard Bred trotters and pacers for years and knows their wants and needs. The following are a few of his views: The creation of no new offices; no new laws unless a crying need for the same; the repeal of all obsolete laws; special privileges to none; betterment of roads; the affairs of the State being administered upon a business principle, in the interest of all the people.

We bespeak for him the full co-operation of our friends in the furtherance of his candidacy.

Training at Milwaukee.

Milwaukee, Wis., February 12.—State Fair officials are planning to popularize the State Fair grounds as training quarters for horsemen this year.

With mile and half-mile tracks always kept in first class condition, excellent water, concrete and wooden barns, good grass, lots of shade and ideal cooling out paths, street cars passing the gates every four minutes and the business district of Milwaukee only half an hour distant, the location for training is ideal.

Six strings are wintering at the track, and it is expected that when weather permits there may be nearly 200 horses in training for the several 1916 campaigns.

The Chicago Sale.

Catalogues for the Chicago Sale, March 6 to 10, will be out on February 25, and until that date consignments are solicited. The list now pledged contains a remarkable showing of ready-to-race speed, profitable breeding material of both sexes, and some exceedingly good trotters and pacers that will prove worth while in the mateur sport. The advantages of selling in an auction containing the quality that advance notice of the Chicago auction proves to be contained, is too plain to be overlooked. To get in the coming sale requires prompt attention and entries should be made at once. This auction will be the forty-eighth of the firm, in the seventeenth year of its existence, conclusive evidence that faith has been kept alike with buyers and sellers throughout that period. Send at once for entry blanks to the Chicago Horse Sale Company, Union Stock Yards, Chicago, Ill.

Let Us Convince You.

That the Miller Cart Company, of Goshen, N. Y., has proven it pays to buy Miller carts and sulkies even though they may cost a little more at the start. They have convinced hundreds of horsemen throughout the world that their vehicles perform the work in perfect harmony with their owner's wishes and expectations—because they contain quality and are built on honor. They have the lightest and fastest cart in the world in their improved No. 12; their No. 20, with adjustable stirrups, is the most comfortable training cart; the 1916 model improved sulky has no equal. Write to them today for catalogue and terms.

SALT BRICK FOR STOCK
Is the Common Sense Plan
So Handy—So Simple—So Sure

Given in our Steel Holder, or loose in feed box, it saves both time and labor and insures stock getting salt when and as they need it. Makes healthier and happier stock, which means more and better work from horses and mules, more and richer milk from cows. We have salt handy at meals, why not be as good to our stock.

We also make a Medicated Brick containing, in addition to pure Dairy Salt, Copperas for worms, Sulphur for the blood, Saltpeter for the kidneys, and Nux Vomica, one of the best known tonics.
Drop Brick in Holder or Feed-Box—it will do the rest.

Asthma, Manistee, Mich.—Yes, we are always willing—in fact, anxious—to give advice in cases of this kind. We believe that your brother did wrong in striking the coltie with an ice pick. Many a prospective 2:30 trotter has been ruined by such treatment.

Farris L. Penn, whose address is Box 1, Vigus, Mo., has for sale ten head of mares, colts and fillies sired by Baron Reaper 2:09¾, and Reserve Fund 2:26, with dams by Grattan 2:13 and Alcona 2:19. These are all reported sound and of quality, while some of them are good race prospects. They are priced reasonably by Mr. Penn.

The pacer, A. J. Jr. 2:08¼, can pace a half-mile track three times in 2:09 or better, it is claimed, and he is eligible to 2:11 classes on mile or 2:12 classes on half-mile tracks. Lady Fogg has a trotting record of 2:17¼, but is eligible to the 2:20 class, and can step a half-mile course in 2:15, three heats, so it it said. Both are for sale by William M. Checkley, Mattoon, Ill.

The mare, Adeline Dillon, by Sidney Dillon 23157, is a splendid trotting prospect, having worked a mile last year in 2:13¼, with the last half in 1:03½. She is good headed and should make a grand campaigner. Besides she is a splendid individual. Her owner is not able to campaign her, hence must sell. Address Grant Collinsworth, Maywood, Ind., for particulars.

A free-legged pacing stallion, only seven years old, that has worked in 2:06, with the last half in 1:01½, and is absolutely sound, and eligible to 2:08 classes on mile and 2:11 on half-mile tracks, ought surely to be a bargain. Such a horse is offered for sale by Magnus Flaws, the well known statistician and compiler, of 542 South Dearborn Street, Chicago, Ill. The price for this horse is $1,250.

For a strictly pacing family none other has equalled the Hals, and no branch of the Hals showed better racing ability than the produce of Hal Dillard 2:04¾. The four-year-old filly offered for sale by John E. Wallace, Weldon, Iowa, is one of the best individuals sired by Hal Dillard and her owner says she can fly at the pace, and will take a record of 2:10 this year. She must be sold, too, so make the price.

Two Crackerjacks.

Two late comers among the last lot of entries received for the mid-winter auction, that came too late to advertise last week, were Frank Bogash Jr. 1:59¼, and Fayre Rosamond (3) 2:14. Frank Bogash Jr. is well known to followers of the light harness horse, and while he has performed prodigies in the past, he has by no means reached his pinnacle, for such a good judge as Thomas W. Murphy believes he can pace in 1:58. Unfortunately for the horse, classes to which he is eligible on the Big Line are few and far between (last year only one for free-for-alls was raced off—which he won), and as several of the half-mile track campaigners have tried to buy the horse, it has been decided to give these latter a chance to come together and bid on him next Wednesday afternoon in Madison Square Garden.

While perhaps not quite so well known as Frank Bogash Jr. yet Fayre Rosamond established an enviable reputation as a three-year-old by winning seven races out of nine starts on the half-mile tracks, while in the two she was beaten she made the victors hang up a new world's record for age, sex and track. It was not the intention to race her last season, but she was started once, more with a view to keeping good her eligibility to the 2:15 classes for this year, and would not now be on the market but for the death of her owner (and breeder). She will come up for action on Wednesday evening. FASIG-TIPTON COMPANY.

A Good Training Ground.

Trainers the country over admit that there are few other grounds that will compare with those of the Indiana State Fair at Indianapolis. There are both mile and half-mile tracks, of soil that admits early training and dries easily, cinder drives, comfortable stabling, good water, plenty of grass and shade, splendid shipping facilities, and good street car service to and from the grounds. The terms for trainers are reasonable. Write for applications to Charles Downing, Secretary State Fair, Indianapolis, Ind.

PEDIGREES TABULATED
FOR $1.00

I will tabulate your stallion's, mare's, colt's, filly's or gelding's pedigree, tracing same out six generations, giving all the principal performers to the credit of each sire and dam for $1.00.

Race summaries furnished, typewritten, 5c each. If you will send me $2.50 I will send you a full tabulated pedigree, and also send you The Western Horseman for one full year. Money refunded if not satisfied. I also have horses registered. Terms reasonable.

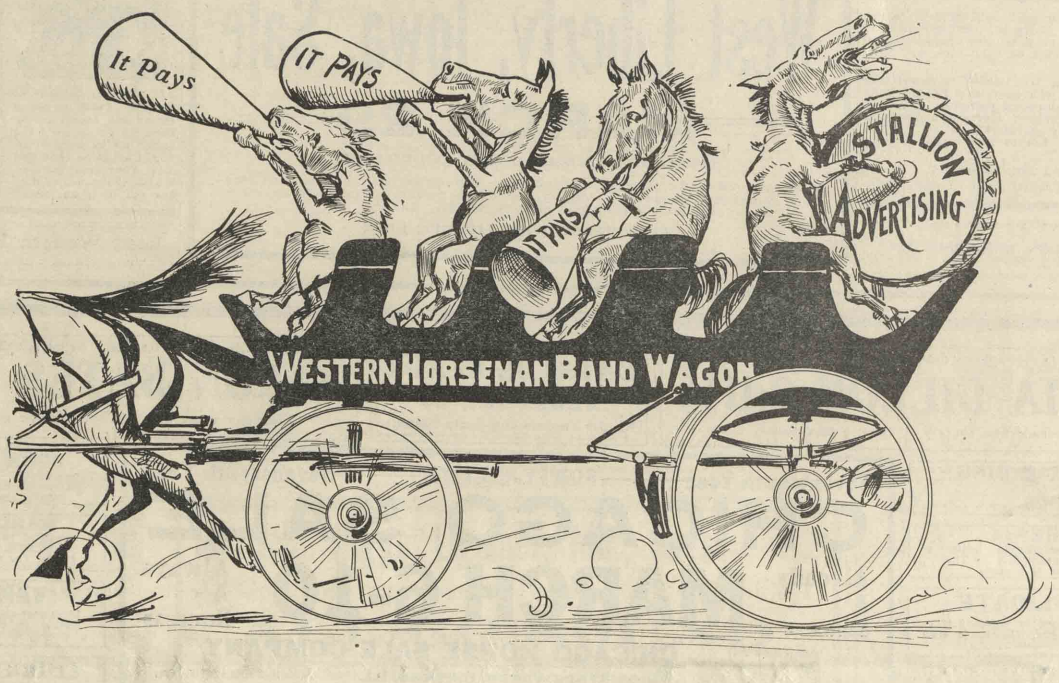
BE SURE

To Get Into the Right Band Wagon



If you have a high class stallion, fashionably bred, of good conformation, a producer of early and extreme speed, how do you expect the public outside of your immediate community to know of his qualities, unless you advertise him in a publication that reaches the owners of the best brood mares? Do you expect the broodmare owner to hunt you up and beg you to tell him? If you do, you are fooling yourself, and the worst fooled man in the world is the one who makes himself believe that the public will come to him and beg him for the services of his horse and pay a good stiff fee in the bargain.

The brood mare owners are looking for the bargains in stallions the same as in commodities, and the publicity you give your stallion leads them to expect a better value, which they usually get, for the best horses are the advertised ones.

Are you going to class your horse among the down and outers as not being worth the price of one service fee? If you do not think more of him than this, do you think the brood mare owner will have much of an opinion of him? If you haven't faith in your horse, don't advertise him, but if you have, show it in a way that the brood mare owner will believe it and book his mare.

If you have raised or purchased a stallion of the highest quality, you are deserving of the largest revenue he can produce, but the horse cannot produce without the opportunity, and its clearly up to you to give him the chance.

You have the opportunity, and can make him the leading sire of your State. You cannot lock the barn door and growl and grouch at every one who talks with you about your stallion, and expect patronage, even if your horse has produced a few sensational colts or fast performers. This kind of treatment will turn the public to the other fellow who advertises and smiles, even if he has a horse not so great.

Don't get jealous of your neighbor because he has a good young sire of fashionable breeding.

Just smile and advertise and climb into the band wagon and lead the procession; yours will be success.

Just get your advertisement into THE WESTERN HORSEMAN Souvenir Number, the Band Wagon of success for the stallion owner, the big business getter. Write today for our plan of publicity. It means added revenue and a successful year.

RIDE IN A PULLMAN

Ride in a Pullman—The Model 88 Houghton jog cart—built on an old principle with Houghton new idea improvements.

We show the rear view so you can see the tie bar which joins the ends of the shafts. Has your cart got it? Makes a stronger vehicle and reduces shaft vibration.

The woods are full of cheap carts, but there is only one Houghton. Our prices are cheap considering quality.

Best of all, we publish our prices so the world may read. If it gives our competitors an advantage they are welcome to it, but you can see we are fair and above board.

Booklet No. 81 tells about our 1916 sulkies. Booklet 82 about speed carts. Booklet 83 about high wheel carts. Booklet 84 about rebuilt carts and sulkies. Booklet 85 about wheels and tires. Booklet 86 about repairing carts and sulkies. We would be glad to send any or all of these booklets to every man who is interested in learning more about the Houghton line.

Still a World's Champion

JOE BOWERS 2:09¼

(State approved license 82. Registered and sound.)

Holds world's record for fastest first heat half-mile track.

The first stallion to trot better than 2:10 on a half-mile track. Trotted three heats in 2:10¾, 2:10¼ and 2:10¼ on a half-mile track. (Until last year, a world's record for a stallion.)

During his racing career, held seven world's records. Broke the Kansas State record and equalled it the next week, selling soon after for over $10,000.

Finished second in the Readville Handicap, and was officially timed in 2:05. Worked in 2:03, last quarter in 29 seconds.

Started 9 times as a three-year-old. Never made a break nor spoiled a score and they never turned around that he was not in his place and ready for the word. Nothing that he met that year could live with him until the end of a race.

A FUTURITY WINNING SIRE.

His first and only colts raced were: Charley Bowers 2:17½, winner of the two- and three-year-old divisions of the Kansas and Oklahoma futurities and winner of 8 out of 9 races at three years; Josie Bowers 2:18¼, that trialed in 2:17 at two.

He has been bred to a lot of good mares in the past two years and his colts are in the futurities. Watch them. No other horse of his class stands at so low a fee. Send you good mare to him and get a futurity candidate. We want an option on the colts of four of the best bred mares bred to him this year.

Statistics in regard to some of his races, fee, charge of keep, etc., furnished on request. Best of care taken of mares, but will not be responsible for accidents. **Young stock and brood mares for sale.**
